SUPPLEMENTARY INFORMATION:

1. Introduction

The Indian Gaming Regulatory Act (IGRA, or the Act), 25 U.S.C. 2701 *et seq.*, was signed into law on October 17, 1988. The Act established the National Indian Gaming Commission (the Commission). The IGRA was enacted for several purposes, primary among them was to provide a statutory basis for the operation of gaming by Indian tribes as a means of promoting economic development self-sufficiency and strong tribal governments, as well as to provide for the regulation of gaming by Indian tribes adequate to shield them from organized crime. The Commission has determined that minimum internal control standards are needed to ensure the integrity of gaming on Indian lands and to safeguard this source of tribal revenues.

The IGRA expressly authorizes the Commission to "promulgate such regulations and guidelines as it deems appropriate to implement the provision of this [Act]." 25 U.S.C. 2706(b)(10).

2. Advance Notice of Proposed Rulemaking

After consideration of this issue, the NIGC has determined that the appropriate course of action is to publish an Advance Notice of Proposed Rulemaking to collect further information.

Before the NIGC proceeds in this area, it intends to have the benefit of a full airing of the issues through the public comment process.

3. Request for Comments

Public comment is requested to assist the NIGC in the drafting of minimum internal control regulations. Comment is requested on the following issues:

(a) Should standards be tiered based on the physical size of the operation, the amount of the gross revenues derived from gaming, or some other criteria? Please explain.

(b) If yes, what tiers should be adopted. Please explain.

(c) What standards should apply to all operations and what standards should apply to only one or two tiers and not the others?

(d) What are the major internal control issues/problems that Indian gaming operations face?

(e) How long should the Commission allow the tribes to implement internal controls that would comply with the regulations?

The Commission solicits any additional suggestions and/or interpretations regarding the issues raised in this Advance Notice of Proposed Rulemaking.

4. Public Participation

Interested parties are invited to submit comments on any or all of these and other pertinent issues related to minimum internal control regulations by April 5, 1998, in triplicate to Minimum Internal Control Rule Comments, National Indian Gaming Commission, Suite 9100, 1441 L Street N.W., Washington, DC 20005. Fax number: 202-632-7066 (not a toll-free number). Water Quality Standards for Alabama

AGENCY: Environmental Protection Agency.

ACTION: Proposed rule.

SUMMARY: EPA is proposing water quality standards that would be applicable to certain waters of the United States in the State of Alabama. If promulgated as final standards, they will supersede use designations for nine stream segments that EPA disapproved in 1986 and 1991 and which have not been revised by the State. EPA is taking this action because it believes these disapproved State water quality standards are inconsistent with the Clean Water Act and EPA's implementing regulations. Specifically, EPA is proposing new use designations for waters of the State whose current use designations under State law do not meet applicable requirements of the Clean Water Act.

DATES: EPA will accept public comments on this rulemaking until May 4, 1998. Comments postmarked after this date may not be considered. A public hearing will be held in Montgomery, Alabama, on April 22, 1998. Both oral and written comments will be accepted at the hearing.

ADDRESSES: An original plus 2 copies, and if possible an electronic version of comments either in WordPerfect or ASCII format, should be addressed to Fritz Wagener, Water Quality Standards Coordinator, U.S. EPA Region 4, Water Management Division, Atlanta Federal Center, 61 Forsyth Street S.W., Atlanta, Georgia, 30303-3104. A public hearing will be held at the Holiday Inn Hotel and Suites, 120 Madison Avenue, Montgomery, Alabama, 36104 (334-264-2231) from 1-5 p.m. and 6-10 p.m. on April 22, 1998. The administrative record for today's proposed rule is available for public inspection at U.S. EPA Region 4, Water Management Division, 15th Floor, Atlanta Federal Center, 61 Forsyth Street S.W., Atlanta, Georgia, 30303-3104, between 8:00 a.m. to 4:30 p.m. Copies of all or portions of the record will be made available for a charge of 20¢ per page.
