SUPPLEMENTARY INFORMATION:**Background**

As part of a continuing program to obtain more efficient use of its personnel, facilities, and resources, and to provide better service to carriers, importers, and the general public, Customs is proposing to amend §§ 122.13 and 122.24, Customs Regulations (19 CFR 122.13 and 122.24), by withdrawing the international airport designation of Akron Fulton Airport (formerly known as Akron Municipal Airport) and by designating the airport as a landing rights airport instead. Akron Municipal Airport (currently known as Akron Fulton Airport) is presently listed as an international airport of entry under § 122.13, Customs Regulations (19 CFR 122.13).

An international airport, as defined by the Customs Regulations, is an airport designated officially as a port of entry for international flights, for entry of alien citizens, and as a place for quarantine inspection.

A landing rights airport is any airport, other than an international airport or a user fee airport, at which flights from a foreign country are given permission by Customs to land.

According to the Customs Regulations, designation as an international airport may be withdrawn for various reasons. One reason is lack of sufficient international travel through the airport. Another reason is failure of the airport operator to maintain an adequate facility. Both of these factors apply to Akron Fulton Airport. The City of Akron sold the building containing Customs office; Customs has no office space on site at the airport.

Furthermore, only two aircraft were processed by Customs in 1996 and 1997 (none in 1996 and two in 1997). Under these circumstances, the Customs Service Port Director of Middleburg Heights, Ohio, has requested that Akron Fulton Airport's designation as an international airport for Customs purposes be withdrawn.

Customs will continue to provide service at Akron Fulton Airport on a landing rights basis, but there is no need to maintain two separate operations in Akron. The Customs inspectors stationed adjacent to the Akron-Canton Regional Airport (where they process the vast majority of private aircraft arrivals) will be able to provide Customs services to international aircraft at the Akron Fulton Airport on an as-needed basis.

Proposal

The Customs designation of the Akron Fulton Airport as an international airport is proposed to be withdrawn; the list of international airports in § 122.13, Customs Regulations (19 CFR 122.13), is proposed to be amended by deleting the entry "Akron, Ohio-Akron Municipal Airport" from the Location and Name column. In addition, the list of landing rights airports in § 122.24(b), Customs Regulations (19 CFR 122.24(b)), is proposed to be amended by adding, in proper alphabetical order, the words "Akron, Ohio" in the Location column and the words "Akron Fulton Airport" opposite them in the Name column.

Comments

Before adopting this proposal, consideration will be given to any written comments timely submitted to Customs. Comments submitted will be available for public inspection in accordance with the Freedom of Information Act (5 U.S.C. 552), § 1.4, Treasury Department Regulations (31 CFR 1.4), and § 103.11(b), Customs Regulations (19 CFR 103.11(b)), on regular business days between the hours of 9 a.m. and 4:30 p.m. at the Regulations Branch, U.S. Customs Service, 1300 Pennsylvania Avenue NW., Third Floor, Washington, D.C., 20229.

Authority

This change is proposed under the authority of 5 U.S.C. 301 and 19 U.S.C. 2, 66 and 1624.

The Regulatory Flexibility Act and Executive Order 12866

Customs establishes, expands, consolidates, and makes other changes to Customs ports of entry throughout the United States to accommodate the volume of Customs-related activity in various parts of the country. Although this document is being issued for public comment, it is not subject to the notice and public procedure requirements of 5 U.S.C. 553 because it relates to agency management and organization. Accordingly, this document is not subject to the provisions of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). Agency organization matters such as this are exempt from consideration under Executive Order 12866.
