

November 1, 1998, two standby 350 horsepower Clark compressor units and related facilities, located at its Sheffield Compressor Station in Colbert County, Alabama. The utilization of the two standby compressor units would allow MIT time to determine whether a more permanent service arrangement would be required based on the outcome of the North Alabama Pipeline project of Southern Natural Gas Company (Southern) in Docket No. CP96-153-000 and the service decisions of the customers, the Cities of Decatur and Huntsville (Decatur and Huntsville), that the project was designed to serve.

Currently, MIT is proposing the instant extension request due to a recent certificate amendment by Southern in that proceeding. Southern's amendment indicates that construction will not commence on the North Alabama Pipeline until March 1999, and that it would not be operational until November 1, 1999. MIT notes that in the event that Decatur and Huntsville remained on its system, then it had planned to submit a permanent, long term solution that would accommodate all of its firm service obligations. Rather than propose a costly long-term alternative, MIT contends that it can continue to use its standby compressors without any additional capital outlay and still meet the firm service requirements until the future becomes more clear.

Any person desiring to be heard or to make any protest with reference to said application should or before March 25, 1998, file with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the National Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining appropriate action to be taken, but will not serve to make the protestants parties to the proceedings. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission of its designee on the application if no motion to intervene is

filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be dully given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for MIT to appear or be represented at the hearing.

David P. Boergers,

Acting Secretary.

[Docket No. RP96-67-007]

Mojave Pipeline Company; Notice of Report

March 4, 1998.

Take notice that on February 27, 1998, in compliance with the Commission's order issued May 17, 1996 at Docket No. RP96-67-000, Mojave Pipeline Company (Mojave) tendered for filing a Hub Services Report for the second year of Hub operations.

Mojave states that the Hub Services Report details its Hub services for the previous year provided under Rate Schedule APS-1. Mojave provided no authorized loan services under Rate Schedule ALS-1 during this period.

Mojave states that copies of the filing were served upon all parties of record in this proceeding as well as all customers of Mojave and interested state regulatory commissions.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, DC 20426, in accordance with Section 385.211 of the Commission's rules and Regulations. All such protests should be filed on or before March 11, 1998.

Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

David P. Boergers,

Acting Secretary.

Federal Energy Regulatory Commission

[Docket No. RP98-149-000]

National Fuel Gas Supply Corporation; Notice of Proposed Changes in FERC Gas Tariff

March 4, 1998.

Take notice that on February 27, 1998, National Fuel Gas Supply Corporation (National) tendered for filing as part of its FERC Gas Tariff, Fourth Revised Volume No. 1, Fourth Revised Sheet No. 8, with a proposed effective date of April 1, 1998.

National states that this filing reflects the quarterly adjustment to the reservation component of the EFT rate pursuant to the Transportation and Storage Cost Adjustment (TSCA) provision set forth in Section 23 of the General Terms and Conditions of National's FERC Gas Tariff.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C., 20426, in accordance with Sections 385.211 and 385.214 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection.
