DEPARTMENT OF THE INTERIOR**National Park Service**

Notice of Inventory Completion for Native American Human Remains from Auburn, NY in the Possession of the Field Museum of Natural History, Chicago, IL

AGENCY: National Park Service, Interior.
ACTION: Notice.

Notice is hereby given in accordance with provisions of the Native American Graves Protection and Repatriation Act (NAGPRA), 43 CFR 10.9, of the completion of an inventory of human remains from Auburn, NY in the possession of the Field Museum of Natural History, Chicago, IL.

A detailed assessment of the human remains was made by Field Museum of Natural History professional staff in consultation with representatives of the Cayuga Nation of New York, the St. Regis Band of Mohawk Indians of New York, the Oneida Nation of New York, the Oneida Tribe of Wisconsin, the Onondaga Nation of New York, the Seneca Nation of New York, the Tonawanda Band of Seneca Indians of New York, and the Tuscarora Nation of New York.

In 1894, human remains representing two individuals were purchased by the Field Museum of Natural History from Franz Boaz. No known individuals were identified. No associated funerary objects are present.

According to Franz Boaz's notes, these individuals were recovered from Auburn, NY. Originally identified as "Iroquois", these individuals have now been more specifically identified as "Cayuga" through additional consultation with the Cayuga Nation of New York based on traditional tribal boundaries.

Based on the above mentioned information, officials of the Field Museum of Natural History have determined that, pursuant to 43 CFR 10.2 (d)(1), the human remains listed above represent the physical remains of two individuals of Native American ancestry. Officials of the Field Museum of Natural History have also determined that, pursuant to 43 CFR 10.2 (e), there is a relationship of shared group identity which can be reasonably traced between these Native American human
