DEPARTMENT OF THE INTERIOR**National Park Service**

Notice of Inventory Completion for Native American Human Remains from Auburn, NY in the Possession of the Field Museum of Natural History, Chicago, IL

AGENCY: National Park Service, Interior.
ACTION: Notice.

Notice is hereby given in accordance with provisions of the Native American Graves Protection and Repatriation Act (NAGPRA), 43 CFR 10.9, of the completion of an inventory of human remains from Auburn, NY in the possession of the Field Museum of Natural History, Chicago, IL.

A detailed assessment of the human remains was made by Field Museum of Natural History professional staff in consultation with representatives of the Cayuga Nation of New York, the St. Regis Band of Mohawk Indians of New York, the Oneida Nation of New York, the Oneida Tribe of Wisconsin, the Onondaga Nation of New York, the Seneca Nation of New York, the Tonawanda Band of Seneca Indians of New York, and the Tuscarora Nation of New York.

In 1894, human remains representing two individuals were purchased by the Field Museum of Natural History from Franz Boaz. No known individuals were identified. No associated funerary objects are present.

According to Franz Boaz's notes, these individuals were recovered from Auburn, NY. Originally identified as "Iroquois", these individuals have now been more specifically identified as "Cayuga" through additional consultation with the Cayuga Nation of New York based on traditional tribal boundaries.

Based on the above mentioned information, officials of the Field Museum of Natural History have determined that, pursuant to 43 CFR 10.2 (d)(1), the human remains listed above represent the physical remains of two individuals of Native American ancestry. Officials of the Field Museum of Natural History have also determined that, pursuant to 43 CFR 10.2 (e), there is a relationship of shared group identity which can be reasonably traced between these Native American human

remains and the Cayuga Nation of New York.

This notice has been sent to officials of the Cayuga Nation of New York, the Seneca-Cayuga Tribe of Oklahoma, the St. Regis Band of Mohawk Indians of New York, the Oneida Nation of New York, the Oneida Tribe of Wisconsin, the Onondaga Nation of New York, the Seneca Nation of New York, the Tonawanda Band of Seneca Indians of New York, and the Tuscarora Nation of New York. Representatives of any other Indian tribe that believes itself to be culturally affiliated with these human remains should contact Jonathan Haas, MacArthur Curator of North American Anthropology, Field Museum of Natural History, Roosevelt Road at Lake Shore Dr., Chicago, IL 60605; telephone: (312) 922-9410, ext. 641, before April 9, 1998. Repatriation of the human remains to the Cayuga Nation of New York may begin after that date if no additional claimants come forward.

The National Park Service is not responsible for the determinations within this notice.

Dated: March 4, 1998.

Manager, Archeology and Ethnography

Environmental Conservation and Chemical Co., et al.*, Cause Number IP 83-1419-C-M/S, was lodged with the United States District Court for the Southern District of Indiana.

On September 10, 1991, the U.S. District Court for the Southern District of Indiana entered a Consent Decree that resolved the United States' claim for injunctive relief and for reimbursement of response costs, brought pursuant to Sections 104, 106, and 107(a) of the Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C. 9604, 9606, and 9607(a).
