

physician organization, one representative of a consumer organization, and one representative of the pharmaceutical manufacturing industry. The term of office is 4 years, except that initial appointments will be staggered to permit an orderly rotation of membership.

Nomination Procedures

Interested persons may nominate one or more qualified persons for membership on the advisory committee. Nominations shall state that the nominee is willing to serve as a member of the advisory committee and appears to have no conflict of interest that would preclude committee membership. Potential candidates will be asked by FDA to provide detailed information concerning such matters as financial holdings, consultancies, and research grants or contracts to permit evaluation of possible sources of conflict of interest.

Selection of a representative of a consumer organization is conducted through procedures which include use of a consortium of consumer organizations which has the responsibility for screening, interviewing, and recommending candidates for the agency's selection. Representatives of a consumer organization must possess appropriate qualifications to understand and contribute to the committee's work.

Selection of the member representing pharmaceutical manufacturing industry interests will be made in accordance with the advisory committee member selection process (21 CFR 14.80).

The NABP and the U.S.P. will be sent letters requesting nominations for their representatives on the advisory committee.
