Type of Review: Extension.

Title: Integrated Postsecondary Education Data System (IPEDS).

Frequency: Annually.

Affected Public: Business or other for-profit; Not-for-profit institutions.

Reporting Burden and Recordkeeping:

Responses: 10,036.

Burden Hours: 277,809.

Abstract: IPEDS constitutes the core of NCES' postsecondary education data collection program and helps NCES meet its mandate to report full and complete statistics on the condition of postsecondary education in the U.S. IPEDS provides data on a broad range of topics including postsecondary enrollments, faculty and staff, programs, degrees awarded, numbers and types of institutions, finances and information on time to degree/graduation rates. Because IPEDS is a system of surveys, it makes it possible to develop a more comprehensive perspective of postsecondary education than any single component could provide.
