

PART 71—DESIGNATION OF CLASS A, CLASS B, CLASS C, CLASS D, AND CLASS E AIRSPACE AREAS; AIRWAYS; ROUTES; AND REPORTING POINTS

1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854; 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of the Federal Aviation Administration Order 7400.9E, *Airspace Designations and Reporting Points*, dated September 10, 1997, and effective September 16, 1997, is amended as follows:

Paragraph 6005: Class E airspace areas extending upward from 700 feet or more above the surface of the earth.

* * * * *

ASW OK E5 Bartlesville, OK [Revised]

Bartlesville Municipal Airport, OK
(lat. 36°45'45"N., long. 96°00'40"W.)

Bartlesville VOR/DME
(lat. 36°50'03"N., long. 96°01'06"W.)

Dewie LOM
(lat. 36°50'22"N., long. 96°00'50"W.)

Jane Phillips Medical Center Heliport, OK
Point In Space Coordinates
(lat. 36°44'24"N., long. 95°56'32"W.)

That airspace extending upward from 700 feet above the surface within a 6.8-mile radius of Bartlesville Municipal Airport and within 1.6 miles each side of the 176° radial of the Bartlesville VOR/DME extending from the 6.8-mile radius to 11.3 miles south of the airport and within 2.2 miles each side of the 359° bearing from the Dewie LOM extending from the 6.8-mile radius to 11.7 miles north of the airport and within 1.6 miles each side of the 355° radial of the Bartlesville VOR/DME extending from the 6.8-mile radius to 11.4 miles north of the airport and that airspace within a 6-mile radius of the Point In Space serving Jane Phillips Medical Center Heliport, excluding that airspace within the Bartlesville Class E Surface airspace area.

Federal Aviation Administration

14 CFR Part 71

[Airspace Docket No. 98–ASW–12]

**Revision of Class E Airspace;
Muskogee, OK**

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Direct final rule; request for comments.

SUMMARY: This amendment revises the Class E airspace at Muskogee, OK. The development of a Global Positioning System (GPS) Standard Instrument Approach Procedure (SIAP), Helicopter Point In Space Approach, to Muskogee Regional Medical Center at Heliport, Muskogee, OK has made this rule necessary. This action is intended to provide adequate controlled airspace extending upward from 700 feet or more above the surface for Instrument Flight Rules (IFR) operations to the heliport.

DATES: Effective 0901 UTC, June 18, 1998.

Comments must be received on or before April 30, 1998.

ADDRESSES: Send comments on the rule in triplicate to Manager, Airspace Branch, Air Traffic Division, Federal Aviation Administration, Southwest Region, Docket No. 98–ASW–12, Fort Worth, TX 76193–0520.

The official docket may be examined in the Office of the Regional Counsel, Southwest Region, Federal Aviation Administration, 2601 Meacham Boulevard, Room 663, Fort Worth, TX, between 9:00 AM and 3:00 PM, Monday through Friday, except Federal holidays. An informal docket may also be examined during normal business hours at the Airspace Branch, Air Traffic Division, Federal Aviation Administration, Southwest Region, Room 414, Fort Worth, TX.

FOR FURTHER INFORMATION CONTACT: Donald J. Day, Airspace Branch, Air Traffic Division, Southwest Region, Federal Aviation Administration, 2601 Meacham Boulevard, Room 663, Fort Worth, TX 76193–0520, telephone 817–222–5593.

SUPPLEMENTARY INFORMATION: This amendment to 14 CFR part 71 revises the Class E airspace at Muskogee, OK. The development of a GPS SIAP, Helicopter Point In Space Approach, to Muskogee Regional Medical Center Heliport, Muskogee, OK has made this rule necessary. This action is intended to provide adequate controlled airspace extending upward from 700 feet or more

above the surface for Instrument Flight Rules (IFR) operations to the heliport.

Class E airspace designations are published in Paragraph 6005 of FAA Order 7400.9E, dated September 10, 1997, and effective September 16, 1997, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the order.

The Direct Final Rule Procedure

The FAA anticipates that this regulation will not result in adverse or negative comment and therefore is issuing it as a direct final rule. A substantial number of previous opportunities provided to the public to comment on substantially identical actions have resulted in negligible adverse comments or objections. Unless a written adverse or negative comment, or a written notice of intent to submit an adverse or negative comment is received within the comment period, the regulation will become effective on the date specified above. After the close of the comment period, the FAA will publish a document in the **Federal Register** indicating that no adverse or negative comments were received and confirming the date on which the final rule will become effective. If the FAA does receive, within the comment period, an adverse or negative comment, or written notice of intent to submit such a comment, a document withdrawing the direct final rule will be published in the **Federal Register**, and a notice of proposed rulemaking may be published with a new comment period.

Comments Invited

Although this action is in the form of a final rule and was not preceded by a notice of proposed rulemaking, comments are invited on this rule. Interested persons are invited to comment on this rule by submitting such written data, views, or arguments as they may desire. Communications should identify the Rules Docket number and be submitted in triplicate to the address specified under the caption **ADDRESSES**. All communications received on or before the closing date for comments will be considered, and this rule may be amended or withdrawn in light of the comments received. Factual information that supports the commenter's ideas and suggestions is extremely helpful in evaluating the effectiveness of this action and determining whether additional rulemaking action is needed.

Comments are specifically invited on the overall regulatory, economic, environmental, and energy aspects of the rule that might suggest a need to

modify the rule. All comments submitted will be available, both before and after the closing date for comments, in the Rules Docket for examination by interested persons. A report that summarizes each FAA-public contact concerned with the substance of this action will be filed in the Rules Docket.

Commenters wishing the FAA to acknowledge receipt of their comments submitted in response to this rule must submit a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. 98-ASW-12." The postcard will be date stamped and returned to the commenter.

Agency Findings

The regulations adopted herein will not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. Therefore, in accordance with Executive Order 12612, it is determined that this final rule does not have sufficient federalism implications to warrant the preparation of a Federalism Assessment.

Further, the FAA has determined that this regulation is noncontroversial and unlikely to result in adverse or negative comments and only involves an established body of technical regulations that require frequent and routine amendments to keep them operationally current. Therefore, I certify that this regulation (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) if promulgated, will not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act. Since this rule involves routine matters that will only affect air traffic procedures and air navigation, it does not warrant preparation of a Regulatory Flexibility Analysis because the anticipated impact is so minimal.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

Accordingly, pursuant to the authority delegated to me, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, CLASS B, CLASS C, CLASS D, AND CLASS E AIRSPACE AREAS; AIRWAYS; ROUTES; AND REPORTING POINTS

1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854; 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of the Federal Aviation Administration Order 7400.9E, *Airspace Designations and Reporting Points*, dated September 10, 1997, and effective September 16, 1997, is amended as follows:

Paragraph 6005: Class E airspace areas extending upward from 700 feet or more above the surface of the earth.

* * * * *

ASW OK E5 Muskogee, OK [Revised]

Muskogee, Davis Field, OK
(lat. 35°39' 28"N., long. 95°21' 42"W.)
Muskogee RBN
(lat. 35°35' 41"N., long. 95°17' 14"W.)
Davis VOR
(lat. 35°39' 47"N., long. 95°22' 04"W.)
Muskogee Regional Medical Center Heliport,
OK
Point In Space Coordinates
(lat. 35°44' 21"N., long. 95°24' 22"W.)

That airspace extending upward from 700 feet above the surface within a 6.9-mile radius of Davis Field and within 2.1 miles each side of the 135° bearing from the Muskogee RBN extending from the 6.9-mile radius to 10.5 miles southeast of the airport and within 4 miles north and 8 miles south of the 138° radial of the Davis VOR extending from the 6.9-mile radius to 16 miles southeast of the VOR and that airspace within a 6-mile radius of the Point In Space serving Muskogee Regional Medical Center Heliport.

[Airspace Docket No. 98-ASW-01]

Establishment of Class E Airspace; Coalgate, OK

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Direct final rule, request for comments.

SUMMARY: This action establishes Class E airspace at Coalgate, OK. The development of a new Global Positioning System (GPS) Standard Instrument Approach Procedure (SIAP), Helicopter Point In Space Approach, to Mary Hurley Hospital Heliport has made this rule necessary. This action is intended to establish Class E airspace for Instrument Flight Rules (IFR) operations to the heliport.

DATES: *Effective:* 0901 UTC, June 18, 1998.

Comment date: Comments must be received on or before April 30, 1997.

ADDRESSES: Send comments on the rule in triplicate to Manager, Airspace Branch, Air Traffic Division, Federal Aviation Administration, Southwest Region, Docket No. 98-ASW-01, Fort Worth, TX 76193-0520.

The official docket may be examined in the Office of the Regional Counsel, Southwest Region, Federal Aviation Administration, 2601 Meacham Boulevard, Room 663, Fort Worth, TX, between 9:00 AM and 3:00 PM, Monday through Friday, except Federal holidays. An informal docket may also be examined during normal business hours at the Airspace Branch, Air Traffic Division, Federal Aviation Administration, Southwest Region, Room 414, Fort Worth, TX.

FOR FURTHER INFORMATION CONTACT: Donald J. Day, Airspace Branch, Air Traffic Division, Southwest Region, Federal Aviation Administration, Fort Worth, TX 76193-0520, telephone 817-222-5593.

SUPPLEMENTARY INFORMATION: This amendment to 14 CFR part 71 establishes Class E airspace at Coalgate, OK. The development of a new GPS SIAP, Helicopter Point In Space Approach, to Mary Hurley Hospital Heliport has made this rule necessary. This action is intended to establish Class E airspace for Instrument Flight Rules (IFR) operations to the heliport.

Class E airspace designations are published in Paragraph 6005 of FAA Order 7400.9E, dated September 10, 1997, and effective September 16, 1997, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the order.

The Direct Final Rule Procedure

The FAA anticipates that this regulation will not result in adverse or negative comment and therefore is issuing it as a direct final rule. A substantial number of previous opportunities provided to the public to comment on substantially identical actions have resulted in negligible
