

for workers of the subject firm. New information provided by the State shows that some workers separated from employment at Maine Yankee Atomic Power Company had their wages reported under a separate unemployment insurance (UI) tax account at American Protective Services. Workers from American Protective Services provided the security detail for the Wiscasset, Maine location of Maine Yankee Atomic Power Company. Worker separations occurred at American Protective Services as a result of decommissioning the Maine Yankee Atomic Power Company.

Accordingly, the Department is amending the certification to reflect this matter.

The intent of the Department's certification is to include all workers of Maine Yankee Atomic Power Company adversely affected by imports from Canada.

The amended notice applicable to NAFTA-01987 is hereby issued as follows:

All workers of Maine Yankee Atomic Power Company, Wiscasset, Maine and all workers of American Protective Services, Wiscasset, Maine that provided security detail for Maine Yankee Atomic Power Company, Wiscasset, Maine who became totally or partially separated from employment on or after October 21, 1996 through January 23, 2000 are eligible to apply for NAFTA-TAA under Section 250 of the Trade Act of 1974.

In accordance with Section 223 of the Trade Act of 1974, as amended, the Department of Labor herein presents summaries of determinations regarding eligibility to apply for trade adjustment assistance for workers (TA-W) issued during the period of February, 1998.

In order for an affirmative determination to be made and a certification of eligibility to apply for worker adjustment assistance to be issued, each of the group eligibility requirements of Section 222 of the Act must be met.

(1) That a significant number or proportion of the workers in the workers' firm, or an appropriate subdivision thereof, have become totally or partially separated,

(2) That sales or production, or both, of the firm or subdivision have decreased absolutely, and
