

the original approval order.¹² The Commission recognizes that this proposed additional language does not raise any new regulatory issues because the Exchange merely is seeking to clarify the process that it is already required to follow upon a determination to change trading differentials for equity securities. Accordingly, the Commission believes that it is consistent with Sections 6(b)(5) and 19(b)(2) of the Act to approve Amendment No. 1 to the proposed rule change on an accelerated basis.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NW., Washington, D.C. 20549. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying at the Commission's Public Reference Room. Copies of such filing will also be available for inspection and copying at the principal office of the Exchange. All submissions should refer to File No. SR-PCX-97-39 and should be submitted by April 6, 1998.

V. Conclusion

For the foregoing reasons, the Commission finds that the proposed rule change, as amended, is consistent with the requirements of the Act and the rules and regulations thereunder.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹³ that the proposed rule change, as amended, (SR-PCX-97-39) is approved on an accelerated basis.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹⁴

In compliance with GPRA and as part of the Agency's strategic planning process, one of SSA's major goals is "To Strengthen Public Understanding of the Social Security Programs." The Agency Strategic Plan provides that SSA develop an overall public education strategy to ensure that, by the year 2005, 9 of 10 adults are knowledgeable in five broad areas of the Social Security program. As a first step towards its goal, the Agency proposes to conduct focus groups with adults age 18 and over to assess their understanding of the program and determine what they wish to know. The information from the focus group testing will be used for the development of a subsequent national survey which will measure the public's baseline knowledge of Social Security programs.
