#### **Bighorn Basin Resource Area, WY; Discovery of Dinosaur Tracks**

**ACTION:** Notice of intent to conduct a planning review and request for public participation concerning the discovery of dinosaur tracks in Big Horn County, Wyoming, Bighorn Basin resource area.

**SUMMARY:** The Bureau of Land Management (BLM) invites the public to identify management needs and issues associated with the recent discovery of dinosaur tracks on BLM-administered public lands in Big Horn County, Wyoming.

**FOR FURTHER INFORMATION CONTACT:** Mike Bies, Bighorn Basin Resource Area Archaeologist or Chuck Wilkie, Bighorn Basin Resource Area Manager; Bureau of Land Management, P. O. Box 119, Worland, Wyoming 82401-0119; (307) 347-5100.

**SUPPLEMENTARY INFORMATION:** A review of existing land-use planning decisions is being conducted to evaluate how to best manage public lands, resources, educational opportunities, and other values associated with the recent discovery of dinosaur tracks on BLM-administered public lands in the Bighorn Basin Resource Area near Shell, Wyoming. The tracks were not addressed in the Washakie Resource Management Plan (RMP) which was completed in 1988, and a review of BLM's planning decisions for the discovery area is needed to evaluate the adequacy of existing management prescriptions for the protection of the tracks and related values. The planning review will also consider management options for public education, interpretation, scientific research, and recreation in the area. Any needed changes in existing management or any new management actions to be prescribed for the area will be identified and, if necessary, the Washakie RMP will be amended.

The planning review will include opportunities for public participation. These opportunities will be announced through **Federal Register** notices, media releases, or mailings. The public will be invited to one or more meetings to discuss problems, conflicts, concerns, and planning issues in the review area along with potential management options. The National Environmental Policy Act (NEPA) environmental analysis process will be used for evaluating these options and for developing a management prescription for the discovery area.

If the planning review results in the need to amend the Washakie RMP, other notices, mailings, or media releases will announce a 30-day public comment/protest period on the proposed amendment.

Comments, including names and street addresses of respondents will be available for public review at the Worland District Office, 101 South 23rd Street, Worland, Wyoming, during regular business hours (7:30 a.m. to 4:30 p.m.) Monday through Friday, except holidays. Individual respondents may request confidentiality. If you wish to withhold your name or address from public review or from disclosure under the Freedom of Information Act, you must state this prominently at the beginning of your comments. Such requests will be honored to the extent allowed by law. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public inspection in their entirety.

Dated: March 10, 1998.
