 i. *FERC Contact*: Jon Cofrancesco, (202) 219-0079.
 j. *Comment Date*: April 27, 1998.
 k. *Description of Proceeding*: The Commission has begun a proceeding to determine if reserved authority in article 41 of the license should be used to require a boat launch facility in the tailwater area below Markham Ferry Project's Kerr dam. The proceeding is in response to concerns raised by private citizens, and other entities about the removal of a haul road in the subject area that was used as an informal boat launching ramp. The concerned parties support the reestablishment of boat access to the tailwater area. The Commission has determined that a boat launch facility in the tailwater area is needed, could be operated in a safe manner, and would enhance public fishing opportunities.

The Commission staff prepared an analysis evaluating the need and feasibility of a boat launch facility in the tailwater area of Kerr dam. A copy of this analysis can be obtained by calling the Commission's public reference room at (202) 208-1371.
