

a core set of information collected annually that is appropriate for monitoring and evaluating performance and reporting on annual trends. The UDS includes two components: the Universal Report, completed by all grantees, provides data on services, staffing, and financing; and the Grant Report, completed by grantees funded under the Homeless or Public Housing Program as well as one of the other programs, provides data on characteristics of users whose services

fall within the scope of the Homeless or Public Housing Program grant. The first UDS reports were collected March 31, 1997, and analysis of data indicates that several revisions should be made. Program officials have noted that additional information needs to be collected which was included in previous reporting systems but was deleted from the UDS. Grantees will be asked to provide information on the charges, collections, bad debt write off and contractual disallowances by payor

sources (Medicaid, Medicare, self pay and private insurance). Additional revisions include adding categories to some of the lists (e.g., services, ICD codes, CPT codes) and annotating the forms to indicate which lines are subtotals and the lines to which they sum.

The proposed changes are not expected to add significantly to the reporting burden. Estimates of annualized reporting burden are as follows:

Type of report	Number of respondents	Hours per response	Total burden hours
Universal Report .....	685	24	16,440
Grant Report .....	94	16	1,504
Total .....	685	.....	17,944

Written comments and recommendations concerning the proposed information collection should be sent within 30 days of this notice to: Laura Oliven, Human Resources and Housing Branch, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, D.C. 20503.

Dated: March 13, 1998.
