Enogex Interstate Transmission L.L.C. and Ozark Gas Transmission, L.L.C.; Notice of Application

March 16, 1998.

Take notice that on March 5, 1998, Enogex Interstate Transmission L.L.C. (Enogex Interstate) and Ozark Gas Transmission, L.L.C. (Applicants) filed an abbreviated application under Section 7(c) of the Natural Gas Act, requesting that the Commission grant to Enogex Interstate certificate authorization to acquire the assets of Ozark Gas Transmission System (Ozark), an existing interstate natural gas pipeline subject to the Commission's jurisdiction under the Natural Gas Act. Applicants further seek authorization to dedicate to interstate service the assets of NOARK Pipeline System, Limited Partnership (NOARK), an existing intrastate pipeline operating within the state of Arkansas, and to integrate the Ozark and NOARK systems into a single interstate pipeline system. Applicants propose, and seek authorization to, operate the integrated pipeline system as a single interstate pipeline, providing open access transportation services pursuant to Part 284 of the Commission's Regulations, and to perform all services currently performed by Ozark, subject to the terms and conditions, including the maximum rates, set forth in Ozark's currently effective FERC Gas Tariff. To this end, Applicants propose to adopt Ozark's existing FERC Gas Tariff, First Revised Volume No. 1, as revised in certain minor respects, pursuant to Part 154, Subpart G of the Commission's Regulations, all as more fully set forth in the application on file with the Commission and open to public inspection.

It is stated that in order to effectuate the integration of the Ozark and NOARK systems, Applicants request certificate authorization to construct new facilities necessary to interconnect the existing Ozark system with the intrastate pipeline and related facilities of NOARK. Applicants also propose to construct certain minor facilities in

order to expand capacity at a point located in Latimer County, Oklahoma (known as the Boiling Springs interconnect) at which the existing Ozark system currently receives gas from Enogex Inc., an Oklahoma interstate pipeline which provides interstate transportation service under Section 311 of the Natural Gas Policy Act of 1978.

The Applicants request an advance determination that rolled-in treatment of the costs associated with Enogex Interstate's acquisition of the NOARK system and its construction of the facilities required to interconnect the Ozark and NOARK systems is appropriate under the Commission's Pricing Policy Statement.

Applicants also request blanket certificates under Part 284 of the Commission's Regulations to provide open access service and Part 157 to engage in routine construction activities.

Applicants state that, immediately following Enogex Interstate's acceptance of certificate authorization relating to its acquisition of Ozark and the consummation of the contemplated purchase and sale transaction, Enogex Interstate intends, and therefore requests authorization from this Commission, to change its name (and thus the name of the certificate holder) from Enogex Interstate Transmission L.L.C. to Ozark Gas Transmission, L.L.C.

Any person desiring to be heard or to make any protest with reference to said application should on or before April 6, 1998, file with Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.211 or 385.214) and the regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken, but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's rule.

Take further notice that pursuant to the authority contained in and subject to the jurisdiction conferred upon the Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no petition to intervene is filed within the
