FEDERAL COMMUNICATIONS COMMISSION**47 CFR Part 64**

[CC Docket No. 94-129; FCC 97-248]

Implementation of the Subscriber Carrier Selection Changes Provisions of the Telecommunications Act of 1996; Policies and Rules Concerning Unauthorized Changes of Consumers' Long Distance Carriers

AGENCY: Federal Communication Commission.

ACTION: Final Rule; establishment of effective date.

SUMMARY: The Commission's revised its rule on Subscriber Carrier Selection Changes. Section 64.1150(e)(4) and 64.1150(g) contained information collection requirements which shall become effective March 23, 1998.

EFFECTIVE DATE: The amendments to 47 CFR 64.1150(e)(4) and 64.1150(g) shall become effective March 23, 1998.

FOR FURTHER INFORMATION CONTACT: Anita Cheng, Common Carrier Bureau, (202) 418-0960.

SUPPLEMENTARY INFORMATION: On July 14, 1997, the Commission adopted an order revising its subscriber carrier selection change rules, a summary of which was published in the **Federal Register**. See 62 FR 43477, August 14, 1997. Because the amendment to 47 CFR 64.1150(e)(4) and 64.1150(g) impose new or modified information collection requirements, they could not become effective until approved by the Office of Management and Budget ("OMB"). OMB approved these rule changes on January 27, 1998. The **Federal Register** summary stated that the Commission would publish a document establishing the effective date of the rule changes requiring OMB approval. This statement suggests that further action by the Commission is necessary to establish the effective date, notwithstanding the preceding statement in the summary that the rule changes imposing new or modified information collection requirements would become effective upon OMB approval. See 62 FR 43477, August 14, 1997. In order to resolve this matter in a manner that most appropriately provides interested parties with proper notice, the amendments to 47 CFR §§ 64.1150(e)(4) and 64.1150(g) shall

become effective March 23, 1998. This publication satisfies the statement that the Commission would publish a document establishing the effective date of the rule changes requiring OMB approval.

Fisheries of the Exclusive Economic Zone Off Alaska; At-Sea Scales Program

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of program implementation.

SUMMARY: NMFS issues this notice of implementation of the At-Sea Scales Program for the groundfish fisheries off Alaska. The purpose of this action is to announce the dates on which NMFS will begin to accept requests from scale manufacturers that a model of scale be placed on the list of eligible at-sea scales and requests from vessel owners for a scale inspection.

DATES: Effective March 23, 1998.

FOR FURTHER INFORMATION CONTACT: Sally Bibb, 907-586-7228.

SUPPLEMENTARY INFORMATION:

On February 4, 1998, NMFS implemented the At-Sea Scales Program (63 FR 5835, February 4, 1998) establishing the requirements for scales approved by NMFS to weigh catch at sea. At the time the final rule was published, NMFS did not set a specific date to begin accepting requests that a scale be placed on the list of eligible at-sea scales under § 679.28(b)(1) and requests for a scale inspection under § 679.28(b)(2) because no vessels currently are required to weigh catch on scales approved under this program and because of uncertainty about the timing of staff and budget resources to
