necessary to keep them operationally current. Therefore, this regulation—(1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR Part 71 as follows:

PART 71—DESIGNATION OF CLASS A, CLASS B, CLASS C, CLASS D, AND CLASS E AIRSPACE AREAS; AIRWAYS; ROUTES; AND REPORTING POINTS

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of the Federal Aviation Administration Order 7400.9E, Airspace Designations and Reporting Points, dated September 10, 1997, and effective September 16, 1997, is amended as follows:

Paragraph 5000 Class D Airspace

* * * * *

AGL ND D Minot AFB, ND [Revised]

Minot AFB, ND

(Lat. 48°24′56″ N, long. 101°21′28″ W)

That airspace extending upward from the surface to and including 4,200 feet MSL and within a 5.3-mile radius of Minot AFB. This Class D airspace is effective during the specific dates and times established in advance by a Notice to Airmen. The effective date and time will thereafter be continuously published in the Airport/Facility Directory.

* * * * *

Paragraph 6005 Class E Airspace Areas Extending Upward From 700 Feet or More Above the Surface of the Earth

* * * * *

AGL ND E5 Minot, ND [Revised]

Minot AFB, ND

(Lat. 48°24′55″ N, long. 101°21′58″ W)

Deering TACAN

(Lat. 48°24′55″ N, long. 101°21′58″ W)

Minot International Airport, ND

(Lat. 48°15′34″ N, long. 101°16′52″ W)

Minot VORTAC

(Lat. 48°15′37″ N, long. 101°17′14″ W)

That airspace extending upward from 700 feet above the surface within a 7.1-mile radius of Minot AFB and within 1.5 miles each side of the Deering TACAN 292 deg. radial extending from the 7.1-mile radius to 9.3 miles northwest of the airport and that airspace within a 7.0-mile radius of Minot International Airport and within 4.8 miles each side of the Minot VORTAC 138 deg. radial extending from the 7.0-mile radius to 12.1 miles southeast of the VORTAC and that airspace extending upward from 1,200 feet above the surface within a 47-mile radius of Minot AFB, excluding the area north of latitude 49 deg.00′00″N.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Airspace Docket No. 98–ANM–06]

Amendment of Class E Airspace; Colorado Springs, CO

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Direct final rule; request for comments.

SUMMARY: This action changes the name of the VORTAC navigational aid in the Colorado Springs, CO, Class E3 airspace legal description from Colorado Springs VORTAC to Black Forest VORTAC. The name change for the VORTAC is for safety reasons and does not affect the existing boundaries of the airspace.

DATES: Effective 0901 UTC, June 18, 1998.

Comments for inclusion in the Rules Docket must be received on or before May 4, 1998.

ADDRESSES: Send comments regarding the rule in triplicate to: Manager, Airspace Branch, Air Traffic Division, ANM–520, Federal Aviation Administration, Docket Number 98–ANM–06, 1601 Lind Avenue S.W., Renton, Washington 98055–4056.

The official docket may be examined in the Office of the Regional Counsel for the Northwest Mountain Region at the same address.

An informal docket may also be examined during normal business hours at the address listed above.

FOR FURTHER INFORMATION CONTACT: Dennis Riplcy, ANM–520, Federal Aviation Administration, Docket No.
The FAA anticipates that this regulation will not result in adverse or negative comment and, therefore, issues it as a direct final rule. The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Unless a written adverse or negative comment, or a written notice of intent to submit an adverse or negative comment, is received within the comment period, the regulation will become effective on the date specified above. After the close of the comment period, the FAA will publish a document in the Federal Register indicating that no adverse or negative comments were received and confirming the date on which the final rule will become effective. If the FAA does receive within the comment period an adverse or negative comment, or written notice of intent to submit such a comment, a document withdrawing the direct final rule will be published in the Federal Register and a notice of proposed rulemaking may be published with a new comment period.

Comments Invited

Although this action is in the form of a direct final rule and was not preceded by a notice of proposed rulemaking, interested persons are invited to comment on this rule by submitting such written data, views, or arguments as they may desire. Communications should identify the Rules Docket Number and be submitted in triplicate to the address specified under the caption ADDRESS. All communications received on or before the closing date for comments will be considered. This rule may be amended or withdrawn in light of the comments received. Factual information that supports the commenter’s ideas and suggestions are extremely helpful in evaluating the effectiveness of this action and determining whether additional rulemaking action would be needed. Comments are specifically invited on the overall regulatory, economic, environmental, and energy aspects of the rule that might suggest a need to modify the rule. All comments submitted will be available, both before and after the closing date, for comments in the Rules Docket for examination by interested persons. A report that summarizes each FAA-public contact concerned with the substance of this action will be filed in the Rules Docket. Commenters wishing the FAA to acknowledge receipt of their comments submitted in response to this rule must submit a self-addressed stamped postcard on which the following statement is made: “Comments to Docket No. 98-ANM-06.” The postcard will be date stamped and returned to the commenter.

Agency Findings

The regulations adopted herein will not have substantial direct effects on the States, on the relationship between the national government and the states, or on the distribution of power and responsibilities among the various levels of government. Therefore, in accordance with Executive Order 12612, it is determined that this final rule does not have sufficient federalism implications to warrant the preparation of a Federalism Assessment.

The FAA has determined that this regulation is noncontroversial and unlikely to result in adverse or negative comments. For the reasons discussed in the preamble, I certify that this regulation (1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as these routine matters will only affect air traffic procedures and air navigation. It is certified that these proposed rules will not have significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

Accordingly, the Federal Aviation Administration amends part 71 of the Federal Aviation Regulations (14 CFR part 71) as follows:

PART 71—DESIGNATION OF CLASS A, CLASS B, CLASS C, CLASS D, AND CLASS E AIRSPACE AREAS; AIRWAYS; ROUTES; AND REPORTING POINTS

§71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of the Federal Aviation Administration Order 7400.9E, Airspace Designations and Reporting Points, dated September 10, 1997, and effective September 16, 1997, is amended as follows:

(Paragraph 6003 Class E airspace designated as an extension to a Class C surface area.

ANM CO E3 Colorado Springs, CO [Revised]

City of Colorado Springs Municipal Airport, CO

(Lat. 38°48'21" N, long. 104°42'01" W) Black Forest VORTAC

(Lat. 38°56'24" N, long. 104°38'00" W)

That airspace extending upward from the surface within 1.8 miles of each side of the Black Forest VORTAC 205° radial extending from the 5-mile radius of the City of Colorado Springs Municipal Airport to the VORTAC and within 1.4 miles each side of the Colorado Springs Runway 17 ILS localizer course extending from the 5-mile radius of the airport to 7.7 miles north of the airport.

Glenn A. Adams III,
Assistant Manager, Air Traffic Division, Northwest Mountain Region.
