The Department of Labor is particularly interested in comments which:
- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency’s burden estimate for the proposed collection of information, including the validity of the methodology and assumptions used; and
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

**II. Current Actions**

The proposed ICR will be a continuation of the currently-approved system that will be used by approximately 80 INA WtW grantees as the primary reporting vehicle for enrolled individuals, their characteristics, training and services provided, outcomes, including job placement and wage data, as well as detailed financial data on program expenditures. Current paperwork burdens are covered under OMB Clearance No. 1205-0386 (expiration date 7/31/98), and have been included in the following burden estimates. For ease of analysis, the following burden estimate is broken down into the two main components of INA WtW program operation: (1) Recordkeeping; and (2) reporting.

**Type of Review: Extension.**

**Agency: Employment and Training Administration.**

**Title: Reporting system for Indian and Native American Welfare-to-Work Grant Program.**

OMB Number: 1205-0386.

Catalog of Federal Domestic Assistance Number: 17.254.

Recordkeeping Requirements: Grantees shall retain supporting and other documents necessary for the compilation and submission of the subject reports for three years after submission of the final financial report for the grant in question (29 CFR 97.42 and/or 29 CFR 95.53).

AFFECTED PUBLIC: Federally-recognized tribes, Alaska Native regional non-profit corporations, and/or consortia of any of the above.

Total Estimated Burden: 5,760 hours (reporting); 36,000 hours (recordkeeping).

Detailed breakdown of the above-estimated burden hour requirements for the INA WtW program are as follows:

**Note:** Recordkeeping estimates are based on the estimated PY 1998 INA WtW caseload times an estimated average of 3.00 hours per participant record. There is currently no experience with actual INA WtW performance. Also, this burden estimate does...
not include those INA WtW grantees participating in the demonstration under Public Law 102–477. Any INA WtW burden estimate(s) for “477 grantees” would be included under OMB Clearance Number 1076–0135.

The individual time per response (whether plan, record, or report) varies widely depending on the degree of automation attained by individual grantees. Grantees also vary according to the numbers of individuals served in each fiscal year. If the grantee has a fully-developed and automated MIS, the response time is limited to one-time programming plus processing time for each response. It is the Department's desire to see as many INA WtW grantees as possible become computerized, so that response time for planning and reporting will eventually sit down to an irreducible minimum with an absolute minimum of human intervention.

**Estimated Grantee Burden Costs:** (There are no capital/start-up costs involved in any INA WtW activities)

- Recordkeeping: 36,000 hours times an estimated cost per grantee hour of $20.00 (including fringes) = $720,000.
- Reporting: 5,760 hours times $20.00 = $115,200 per year.

Total estimated burden costs: $835,200 (nationwide).

As noted, these costs will vary widely among grantees, from nearly no additional cost to some higher figure, depending on the state of automation attained by each grantee and the wages paid to the staff actually completing the various forms.

All costs associated with the required submissions outlined above, whether for recordkeeping or reporting purposes, are allowable grant expenses.

Comments submitted in response to this comment request will be summarized and/or included in the request for Office of Management and Budget continuation of the information collection request; they will also become a matter of public record.

Signed at Washington, DC, this 17th day of March, 1998.
