Hoffmann Oil Company; Notice of Petition for Adjustment and Dispute Resolution Request

March 20, 1998.

Take notice that on March 6, 1998, Hoffmann Oil Company (Hoffmann) filed a petition for adjustment under section 502(c) of the Natural Gas Policy Act of 1978 (NGPA),¹ and a dispute resolution request with respect to Hoffman's Kansas ad valorem tax refund liability under the Commission's September 10, 1997 order (September 10 order) in Docket Nos. RP97-369-000, GP97-3-000, GP97-4-000, and GP97-5-000.² Hoffmann's petition is on file with the Commission and open to public inspection.

The Commission's September 10 order on remand from the DC Circuit Court of Appeals³ directed first sellers under the NGPA to make Kansas ad valorem tax refunds, with interest, for the period from 1983 to 1988. The Commission clarified the refund procedures in an order issued January 28, 1998, in Docket No. RP98-39-001, *et al.*,⁴ stating therein that producers [first sellers] could request additional time to establish the uncollectability of royalty refunds, and that first sellers may file requests for NGPA section 502(c) adjustment relief from the refund requirement and the timing and procedures for implementing the refunds, based on their individual circumstances.

Hoffmann specifically requests that the Commission: (1) Resolve the pending dispute between Hoffmann and Panhandle Eastern Pipeline Company (Panhandle) concerning the proper amount of refunds, including interest, for reimbursement of Kansas ad valorem taxes paid over the period 1983 to 1988 (with such amounts being placed in an escrow account); (2) grant an adjustment to its procedures to allow Hoffman to defer payment of principal and interest attributable to royalties for one year until March 9, 1999; and (3) grant an adjustment to the Commission's procedures to allow Hoffmann to place

into an escrow account: (i) Amounts attributable to royalty refunds which have not been collected from the royalty owner (principal and interest), (ii) interest on royalty amounts which have been recovered from the royalty owners (the principal of which was refunded); and (iii) interest on the total amount of refunds allegedly due (excluding royalties, disputed amounts, and pre-October 3rd production).

In support of its request Hoffmann states that it is not seeking to relieve itself of its refund obligation, rather it merely seeks to establish procedures which ensure that it pays only that which is legitimately owed and that if it is subsequently determined that its refund liability was less than that claimed by Panhandle, it can recover the overpayment.

Any person desiring to be heard or to make any protest with reference to said petition should on or before 15 days after the date of publication in the **Federal Register** of this notice, file with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214, 385.211, 385.1105, and 385.1106).
