Public Meetings for Environmental Documentation on Herbicidal Eradication

AGENCY: Drug Enforcement Administration.

ACTION: Notice of public meetings.

SUMMARY: This notice advises the public that the "Draft Supplement to the Environmental Impact Statements for Cannabis Eradication in the Contiguous United States and Hawaii" (DSEIS) is available for public review and comment and that public meetings will be held regarding this document. On August 13, 1996, we announced our intent to supplement the programmatic EIS's on eradication of Cannabis on Federal and non-Federal lands and welcomed comments (FR 61 42056). The DSEIS is an update of the latest scientific information regarding the herbicidal alternatives in the original environmental impact statement (EIS) documentation.

In 1985 and 1986, the Drug Enforcement Administration (DEA) published programmatic EISs for its Cannabis eradication program. The first EIS was prepared for Cannabis eradication on Federal lands in the continental United States, and the second EIS was prepared for the program as it pertained to non-Federal lands, Indian lands, and the State of Hawaii, including Native Hawaiian Homestead lands. The alternatives analyzed in detail in the EIS include the use of manual, mechanical, and herbicidal eradication methods.

In the DSEIS, changes to the herbicidal eradication alternatives in the 1985 and 1986 EISs were analyzed. The changes analyzed were (1) the addition of triclopyr as an approved program herbicide; (2) elimination of paraquat as an approved program herbicide; and (3) changes in program delivery, including elimination of broadcast aerial applications of herbicides, use of new technology in aerial directed treatments of herbicides, use of marker dyes, and use of amine formulations of 2,4-D..

DATES: Five public meetings will be held.

SUPPLEMENTARY INFORMATION:

I. Background

The Employment and Training Administration of the Department of Labor is considering revisions to its currently-approved preapplication and planning system for the Indian and Native American Welfare-to-Work Grant Program for one more year (July 1, 1998 to June 30, 1999). Current authorization for the INA WtW program expires on September 30, 1999, but grantees can continue to expend funds for three years from the date "the funds are so provided". This ICR concerns the submission of applications and plans by Federally-recognized tribes and Alaska Native entities (or consortia thereof) eligible to receive funding under the Indian and Native American Welfare-to-Work (INA WtW) program. These instructions include a preapplication process for those tribes which do not operate a tribal Temporary Assistance for Needy Families (TANF) program or a Native Employment Works (NEW) program, as established by section 412(a)(3) of the amended Social Security Act [42 U.S.C. 612(a)(3)], and which did not qualify for a FY 1998 INA WtW grant under the "substantial services" criteria. These non-TANF or NEW tribes must qualify as INA WtW grantees under the "substantial services" criteria established by the Department in accordance with the provisions of section 412(a)(3)(B)(ii) [42 U.S.C. 612(a)(3)(B)(ii)] of the Social Security Act, as amended. Once determined to have met the "substantial services" criteria, applicants must submit a plan containing a Standard Form (SF) 424, the basic information on service area,
