Submission of Study Package to Office of Management and Budget; Review Opportunity for Public Comment

AGENCY: National Park Service Visitor Survey Card, Department of the Interior.

ACTION: Notice and request for comments.

ABSTRACT: The National Park Service (NPS) Visitor Services Project—Visitor Survey Card proposes to conduct visitor surveys at all 376 National Park System Units to learn visitors' opinions about park facilities, services and recreational opportunities in each park unit. This effort is required by the Government Performance and Results Act of 1993 (GPRA) goals and standards. In addition, visitors' understanding of park significance will be measured for each National Park unit. The results of these studies will be used to measure performance toward the GPRA goals (1a1 and 1b1) and standards and by park managers to improve the services they provide to visitors while better protecting park natural and cultural resources. A study package, including the proposed visitor survey card questionnaire (the same card will be used in all parks) for these proposed park studies, has been submitted to the Office of Management and Budget for review.

The purpose of the proposed ICR is to document visitors' opinions about park facilities, services and recreation opportunities. Park unit performance will be evaluated according to National Park Service GPRA goals and standards. This information will be used by park managers, park planners and NPS regional and Washington office staff in priority setting for budget processes.
