

crossclaims against each other and the Defendants' counterclaims against the United States Postal Service, for contribution under CERCLA Section 113(f), 42 U.S.C. 9613(f).

In 1992, the United States Environmental Protection Agency ("EPA") conducted a removal action to address the threat from the presence of vinyl chloride, a carcinogen, in drinking-water wells near the Site. The removal action included the delivery of bottled water and air strippers, and the installation of a water line to connect residences and businesses to municipal water, at a cost of approximately \$500,000. The United States' current unrecovered costs, including pre-judgment interest, enforcement costs and other costs associated with EPA's removal, total approximately \$700,000.

At a Court-ordered mediation proceeding in August 1997, the five Defendants agreed to pay \$545,000 into an interest-bearing Court repository account by October 15, 1997, with \$5,000 to be paid by the United States Postal Service after entry of a consent decree to EPA, for a total payment of \$550,000 for the costs of the removal. The proposed Consent Decree memorializes this agreement, and also provides for Mr. Prochnow's land that is adjacent to the landfill to be sold at the direction of the Defendants, which will be Mr. Prochnow's share of the costs to be paid by the Defendants. The Defendants plan to use any proceeds from the sale of that realty to defray costs associated with the proper closure of the Site.

The Department of Justice will receive comments concerning the proposed Consent Decree for a period of thirty (30) days from the date of this publication. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, U.S. Department of Justice, P.O. Box 7611, Ben Franklin Station, Washington, D.C. 20044, and should refer to *United States v. Marvin E. Prochnow, et al.*, DOJ Number 90-11-2-1118.

The proposed Consent Decree may be examined at any of the following offices: (1) the Office of the United States Attorney, Eastern District of Wisconsin, Federal Building, Room 530, 517 East Wisconsin Avenue, Milwaukee, Wisconsin (414) 297-1700; (2) the U.S. Environmental Protection Agency, Region 5, 77 W. #### Notice Pursuant to the National Cooperative Research and Production Act of 1993—The Asymmetrical Digital Subscriber Line Forum

Notice is hereby given that, on December 16, 1997, pursuant to Section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 *et seq.* ("the Act"), The Asymmetrical Digital Subscriber Line Forum ("ADSL") has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing changes in its membership. The notifications were filed for the purpose of extending the Act's provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances. Specifically, the following companies have joined ADSL: Diamond Lane Communications, Petaluma, CA; and Sun Microsystems, Mountain View, CA.

Siemens Stromberg-Carlson has changed its name to Siemens AG. US Robotics merged with 3Com. Nynex merged with Bell Atlantic; and Performance Telecom has merged with Digital Link.

No other changes have been made in the membership, nature or objectives of ADSL. Membership remains open, and ADSL intends to file additional written notifications disclosing all changes in membership.

On May 15, 1995, ADSL filed its original notification pursuant to Section 6(a) of the Act. The Department of Justice published a notice in the **Federal Register** pursuant to Section 6(b) of the Act on July 25, 1995 (60 FR 38058).

The last notification was filed with the Department on August 12, 1997. A notice has not yet been published in the **Federal Register** for this filing.
