Williams Gas Pipelines Central, Inc.; Notice of Proposed Changes in FERC Gas Tariff

April 2, 1998.

Take notice that on March 31, 1998, Williams Gas Pipelines Central, Inc. (Williams), tendered for filing to become part of its FERC Gas Tariff, Original Volume No. 1, the following tariff sheets, with the proposed effective date of May 1, 1998:

First Revised Sheet No. 6A, Original Sheet Nos. 38 and 39

Williams states that this filing is being made pursuant to Article 14 of the General Terms and Conditions of its FERC Gas Tariff, Original Volume No. 1. Williams hereby submits its second quarter, 1998, report of take-or-pay buyout, buydown and contract reformation costs and gas supply related transition costs, and the application or distribution of those costs and refunds.

Williams states that there was not sufficient time to reflect in the instant filing, the requirements of the order approved at the Commission's March 25, 1998 meeting in Docket No. RP98-105, et al. Therefore, Williams is submitting the instant filing utilizing the previously effective direct allocation method of allocating GSR cost to firm service in order to ensure that cost recovery is proposed in a timely manner. Williams states that it will file revised tariff sheets to reflect the required changes in its GSR mechanism prior to May 1, 1998.

Williams states that a copy of its filing was served on all participants listed on the service lists maintained by the Commission in the dockets referenced above and on all of Williams' jurisdictional customers and interested state commissions.

Any person desiring to be heard or to protest this filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to

the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

Enogex Interstate Transmission L.L.C. and Ozark Gas Transmission, L.L.C.; Notice of Intent To Prepare an Environmental Assessment for the Proposed Ozark/NOARK Expansion Project and Request for Comments on Environmental Issues

April 2, 1998.

The staff of the Federal Energy Regulatory Commission (FERC or Commission) will prepare an Environmental Assessment (EA) that will discuss the environmental impacts of the construction and operation of approximately 9.9 miles of natural gas transmission pipeline and other appurtenant facilities, and the modification of two compressor stations and a meter station, proposed in the Ozark/NOARK Expansion Project.¹ This EA will be used by the Commission in its decision-making process to determine whether the project is in the public convenience and necessity.

If you are a landowner whose property will be crossed by the proposed project, you may be contacted by a pipeline company representative about the acquisition of an easement to construct, operate, and maintain the proposed facilities. The pipeline company may seek to negotiate a mutually acceptable agreement relative to land use and access. However, if the project is approved by the Commission, the pipeline has the right to use eminent domain. Therefore, if negotiations fail to produce an agreement between the pipeline company and landowner, the pipeline company could initiate condemnation proceedings in accordance with state law. A fact sheet addressing a number of typically asked questions, including the use of eminent
