

chance of being equaled or exceeded in any given year (base flood).

a. FEMA Form 81-87, Property Information—This form describes the location of the property, what is being requested, and what data are required to support the request. The hour burden is estimated to average 1.63 hours per response.

b. FEMA Form 82-87A, Elevation Information—This form indicates what the Base (100-year) Flood Elevation (BFE) for the property is, how the BFE was determined, the lowest ground elevation on the property, and/or the elevation of the lowest adjacent grade to any structures on the property. This information is required in order for FEMA to determine if the property that is being requested to be removed from the SFHA is above the BFE. The hour burden is estimated to average .63 hour per response.

c. FEMA Form 81-87B, Certification of Fill Compaction—NFIP regulations Section 44 CFR 65.5(a)(6) requires that fill placed to remove an area from the SFHA meet certain criteria. This form requires that a registered professional engineer or the community's floodplain official certify that the fill was placed in accordance with the aforementioned NFIP regulations. The hour burden is estimated to average .35 hour per response.

d. FEMA Form 81-87C, Community Acknowledgment of Requests Involving Fill NFIP regulations Section 44 CFR 65.5(a)(6) require if fill is placed to remove an area from the SFHA that the community acknowledge the request. This form ensures that this requirement is fulfilled prior to the submittal of the request to FEMA. The hour burden is estimated to average .88 hour per response.

e. FEMA Form 81-87D, Summary of Elevations—Individual Lot Breakdown—This form is to be used in conjunction with the Elevation Information Form for requests involving multiple lots or structures. It provides a table to allow the required submitted data to be presented in a manner for quick and efficient review. The hour burden is estimated to average .67 hour per response.

f. FEMA Form 81-87E, Credit Card Information—This form outlines the information required to process a request when the requester is paying by credit card. The hour burden is estimated to average 6 minutes per response.
