SUPPLEMENTARY INFORMATION:**Summary of Information Collection**

UOCAVA requires the states to allow uniformed services personnel, their family members, and overseas citizens to use absentee registration procedures and to vote by absentee ballot in general, special, primary, and runoff elections for federal offices. The Act covers members of the Uniformed Services and the Merchant Marine to include the commissioned corps of the National Oceanic and Atmospheric Administration and Public Health Service, and their eligible dependents, federal civilian employees overseas, and overseas U.S. citizens not affiliated with the federal government. The post-election survey is conducted on a statistically random basis to determine participation rates which are representative of all citizens covered by the Act, measure state-federal cooperation, and is designed to evaluate the effectiveness of the overall absentee voting program. The information collected is used for overall program evaluation, management and improvement, and to compile the congressionally mandated reports to the President and Congress. The NVRA designates Armed Forces Recruitment Offices as voter registration agencies to assist voters in applying for registration in elections for federal offices. The NVRA requires a biennial report to the Congress assessing the impact of the Act on the administration of elections for federal office, determine improvements needed in federal and state procedures, and other effects of the Act. The NVRA survey is necessary to assess the impact of Armed Forces Recruiting Office implementation of voter registration under NVRA and for program evaluation and assessment purposes.
