

subscribers must submit their written responses to their RespOrgs no later than 60 days from the date of 877 deployment. RespOrgs will then have 30 days to submit all required documentation to DSMI. This means that RespOrgs must submit to DSMI all required documentation no later than 90 days from the date of 877 deployment. If the 800 subscriber chooses to obtain the corresponding number in the 888 code, that number should be placed in the control of that 800 subscriber's RespOrg 90 days after the 877 code is deployed for assignment to that subscriber. We require DSMI to place that number in the control of the appropriate RespOrg only if it receives a letter within the proper time period from that RespOrg making that request along with a letter that the 800 subscriber sent to its RespOrg or Toll Free Service Provider expressing interest in obtaining that 888 number. If the 800 subscriber is not interested in obtaining the set-aside 888 number, that 888 number shall be released into the spare pool of available numbers, 90 days after deployment of 877, for assignment on a first-come, first-served basis. We require that DSMI release any 888 set-aside number into the spare pool of available numbers only if one of three events occur: 1) DSMI receives a letter from the RespOrg authorizing DSMI to release that particular 888 number along with a letter that the current 800 subscriber sent to its RespOrg or Toll Free Service Provider refusing that 888 number; 2) DSMI receives a letter from the RespOrg certifying that the RespOrg notified the 800 subscriber and the subscriber failed to respond within the required period of time; or 3) the 800 number corresponding to the 888 set-aside number is not assigned to a subscriber. Finally, the Bureau directs DSMI to place all "877-555-XXXX" numbers in unavailable status along with the "888-555-XXXX" numbers until the Commission has reached a decision on the issues related to the development of competitive directory assistance service. The Bureau has provided these requirements to assist DSMI in releasing the 888 vanity numbers pursuant to a right of first refusal and to ensure that toll free subscribers are given adequate notice and opportunity to reserve the numbers of their choice. In order to protect the interest of the involved parties, DSMI will not release any set-aside 888 number until it has received the authorizing letters from both the RespOrg and 800 number subscriber. Burden estimates for the information collection requirements are as follows:

a. Notification to Subscribers by RespOrgs (number of respondents: 215; avg. burden per respondent: 1 hour; total annual burden: 215 hours); b. Letter and other documentation from RespOrgs to DSMI (number of respondents: 215; avg. burden per respondent: 1 hour; total annual burden: 215 hours); c. Letter from Subscribers to RespOrgs (number of respondents: 370,000; avg. burden per respondent: 1 hour; total annual burden: 370,000 hours). The requirements are necessary to ensure that toll free subscribers are given notice and opportunity to reserve numbers of their choice. Obligation to respond: Required. Public reporting burden for the collections of information is as noted above. Send comments regarding the burden estimate or any other aspect of the collections of information, including suggestions for reducing the burden to Performance Evaluation and Records Management, Washington, D.C. 20554. Federal Communications Commission.
