[Docket No. CP98-317-000]

El Paso Natural Gas Company and ANR Pipeline Company; Notice of Application

April 8, 1998.

Take notice that on March 31, 1998, El Paso Natural Gas Company (El Paso), Post Office Box 1492, El Paso, Texas 79978, and ANR Pipeline Company (ANR), 500 Renaissance Center, Detroit, Michigan 48243, collectively referred to as Applicants, filed a joint application in Docket No. CP98-317-000 pursuant to Section 7(b) of the Natural Gas Act, for permission and approval to abandon four certificated exchange services, all as more fully set forth in the application on file with the Commission and open to public inspection.

Specifically, the Applicants propose to abandon:

1. Gas Exchange Agreement dated January 27, 1978, as amended. By order issued August 14, 1978, the Commission authorized the requests of El Paso in Docket No. CP78-223, and the request of ANR in Docket No. CP78-190, to exchange natural gas. The Applicants state the gas was exchanged under El Paso's special Rate Schedule X-41 and ANR's special Rate Schedule X-67. It is stated, that the agreement provided for the gathering, delivery and exchange of natural gas produced from properties located in Hemphill and Wheeler Counties, Texas and Roger Mills, Beckham and Dewey Counties, Oklahoma.

2. Two Gas Exchange Agreements dated December 20, 1978. By order issued July 18, 1979, the Commission authorized the request of El Paso in Docket Nos. CP79-165 and CP79-166, *et al.* Applicants state the agreements involve the exchange of certain offshore gas reserves obtained by El Paso and certain gas supplies obtained by ANR in the Creston Nose and Lincoln Road areas of Wyoming. It is stated the gas was exchanged under El Paso's special Rate Schedules X-53 (Creston Nose Exchange Agreement) and X-54 (Lincoln Road Exchange Agreement). It is averred that while El Paso obtained the authorization under the July 18, 1979 order for the exchange service with ANR, that ANR received authorization for the transportation of certain gas for El Paso to make the gas available for the exchange service. Applicants state the transportation arrangement was performed under ANR's special Rate Schedule X-79.
