[Docket No. CP98-315-000]

Columbia Gas Transmission Corporation; Notice of Application

April 8, 1998.

Take notice that on March 30, 1998, Columbia Gas Transmission Corporation

(Columbia), 12801 Fairlakes Parkway, Fairfax, Virginia 22030-0146 filed in Docket No. CP98-315-000 an application pursuant to Sections 7(b) and 7(c) of the Natural Gas Act for authorization to abandon certain pipeline facilities in Pike County, Kentucky, and to construct and operate replacement facilities, all as more fully set forth in the application on file with the Commission and open to public inspection.

Columbia proposes to abandon approximately 5.5 miles of 20-inch diameter pipeline and appurtenances, part of Columbia's Line KA, and to construct and operate replacement facilities consisting of approximately 5.5 miles of 20-inch diameter pipeline and appurtenances. It is stated that the replacement is needed due to the age and condition of the facilities, which were installed in 1931 and need to be replaced to ensure the reliability of service to existing customers. It is explained that 90 percent of the pipeline (approximately 4.9 miles) will be replaced within the existing right-of-way, and that 2 segments totalling approximately 0.6 mile in length will be located outside the existing right-of-way, in one instance to make possible a more favorable stream crossing and in the other to avoid steep sidehill construction. It is estimated that the cost of constructing the replacement pipeline will be \$6.2 million and the cost to retire the existing facilities will be \$290,400.

Any person desiring to be heard or to make any protest with reference to said application should on or before April 29, 1998, file with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the
