

Commission issued herein on March 27, 1998 (March 27th Order). No effective date is proposed at this time pending Commission determination on the instant filing.

Natural states that the purpose of this filing is to comply with the March 27th Order related to a proposed new Rate Schedule PALS under which Natural would provide a fully interruptible Part and Loan Service.

Natural states that copies of the filing have been mailed to Natural's customers, interested state regulatory agencies and all parties set out on the official service list in Docket No. RP98-145.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.W., Washington, D.C. 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

Pacific Gas and Electric Company; Notice of Petition for Rate Approval

April 16, 1998.

Take notice that on March 17, 1998, Pacific Gas and Electric Company (PG&E) filed, pursuant to Section 284.123(b)(2) of the Commission's Regulations, a petition for rate approval requesting that the Commission approve, as fair and equitable, the following revised rates for certain interstate parking and lending services, as described below, performed under Section 311(a)(2) of the Natural Gas Policy Act of 1978 (Section 311):

Parking:

Minimum Daily Rate (\$/Dth): \$0.00

Maximum Daily Rate (\$/Dth): \$0.1014

Maximum Annual Transaction Charge (\$/Dth): \$0.8871

Lending:

Minimum Daily Rate (\$/Dth): \$0.00

Maximum Daily Rate (\$/Dth): \$0.1014

Maximum Annual Transaction Charge (\$/Dth): \$0.8871

PG&E's mailing address is P.O. Box 74420, San Francisco, CA 94120.

PG&E's petition states it is a Hinshaw pipeline within the meaning of Section 1(c) of the Natural Gas Act, transporting and distributing gas throughout large portions of northern and central California to numerous residential, industrial, and agricultural gas consumers. On March 31, 1997, the Commission issued an order approving rates for new parking and lending services under Section 311 as part of PG&E's newly created Golden Gate Market Center (1997 order). Parking provides customers with temporary storage of gas on an interruptible basis. Lending provides interruptible temporary loans of gas from PG&E's system. These services are offered at the points PG&E's system interconnects with interstate pipelines, and at its Kern River Station. PG&E also provides these services on an intrastate basis under the jurisdiction of the Public Utilities Commission of the State of California (CPUC).

Ordering Paragraph (B) of the 1997 order provides that if the CPUC modifies or revises PG&E's existing intrastate parking or lending maximum annual transaction charge, PG&E is required to file a petition for rate approval with this Commission to revise or re-justify the rates for these services. On November 19, 1997, the CPUC approved, for implementation on March 1, 1998, revised rates for intrastate parking and lending. Accordingly, PG&E's petition is intended to establish revised rates for such services performed under Section 311. PG&E proposes an effective date of March 17, 1998.

Any person desiring to participate in this rate proceeding must file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street N.E., Washington D.C. 20426, in accordance with Sections 385.211 and 385.214 of the Commission's Rules of Practice and Procedure. All such motions or protests must be filed on or before April 30, 1998. The petition for the rate approval is on file with the Commission and is available for public inspection.
