[Docket No. CP98-348-000]

Colorado Interstate Gas Company; Notice of Application

April 21, 1998.

Take notice that on April 13, 1998, Colorado Interstate Gas Company (CIG) P.O. Box 1087, Colorado Springs, Colorado 80944, filed in Docket No. CP98-348-000 an application, pursuant to Section 7(c) of the Natural Gas Act, for a certificate of public convenience and necessity authorizing the construction and operation of pipeline facilities, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

CIG seeks to construct and operate approximately 6 miles of 3.5-inch diameter fuel gas line from the Cimarron Meter Station on CIG's Fourway-Kit Carson mainline to CIG's Sturgis Compressor Station, all located in Cimarron County, Oklahoma. CIG states

that the purpose of the proposed fuel gas line is to provide processed fuel gas from the mainline transmission system to the Sturgis Compressor Station. CIG further states that providing processed gas to the Sturgis Compressor will improve operating efficiency, reliability, and decrease in maintenance requirements.

Any person desiring to participate in the hearing process or to make any protest with reference to said application should on or before May 12, 1998, file with the Federal Regulatory Commission, 888 First Street, N.E., Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. The Commission's rules require that protesters provide copies of their protests to the party or person to whom the protests are directed. Any person wishing to become a party to a proceeding are directed. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

A person obtaining intervenor status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents issued by the Commission, filed by the applicant or by all other intervenors. An intervenor can file for rehearing of any Commission order and can petition for court review of any such order. However, an intervenor must serve copies of comments or any other filing it makes with the Commission to every other intervenor in the proceeding, as well as filing and original and 14 copies with the Commission.

A person does not have to intervene, however, in order to have comments considered. A person, instead, may submit two copies of such comments to the Secretary of the Commission. Commenters will be placed on the Commission environmental mailing list, will receive copies of environmental documents, and will be able to participate in meetings associated with the Commission's environmental review process. Commenters will not be required to serve copies of filed documents on all other parties. However, Commenters will not receive copies of all documents filed by other parties or issued by the Commission and will not have the right to seek rehearing

or appeal the Commission's final order to a Federal court.

The Commission will consider all comments and concerns equally, whether filed by the Commenters or those requesting intervenor status.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for CIG to appear or be represented at the hearing.

Linwood A. Watson, Jr.,

Acting Secretary.
