| Juneau | May 11 | Egan Room, Centennial Hall | 3:00–5:00 p.m.; 7:00–10:00 p.m. |
| Sitka | May 12 | Mausseau Room, Centennial | 3:00–5:00 p.m.; 7:00–10:00 p.m. |
| Seattle | May 14 | Klondike Gold Rush, NHP Theater | 3:00–5:00 p.m.; 7:00–10:00 p.m. |

The first 2 hours of each meeting will be an open house, discussion session. Representatives of the NPS will be available to answer questions and hear your comments in a more informal setting. The rest of the meeting will be a public hearing; a brief introduction by the hearing facilitator will be followed by public testimony on the plan.

The environmental assessment evaluates the proposed action and four alternatives for managing commercial fishing in the marine waters of the park.

The proposed action (Alternative One) would allow commercial fishing by qualified fishers in non-wilderness marine waters of Glacier Bay proper to continue for 15 years; commercial fishing in wilderness waters would end at the time the regulations go into effect. Commercial fishing would generally be authorized to continue in non-wilderness waters outside Glacier Bay proper under a cooperative fisheries management plan developed by the NPS and State of Alaska.

Alternative Two—No Action—This alternative would enforce the existing statutory and regulatory prohibitions regarding commercial fishing activities within the marine waters of the park. Enforcement of NPS regulations would result in the immediate cessation of all commercial fisheries in all park waters with no opportunity to phase out fishing through limited exemptions.

Alternative Three—This alternative incorporates marine reserve concepts consistent with the park's purposes. Specifically, this alternative would focus on protecting those species for which the park serves as an appropriate marine reserve (i.e., resident species) while allowing continued harvest of species that are subject to harvest outside park waters (i.e., transient species).

Alternative Four—This alternative would allow local individuals to continue commercial fishing throughout Glacier Bay National Park. This alternative would prohibit only those fisheries that cannot be sustained or that cause unacceptable habitat degradation.

Alternative Five—This alternative would implement a fisheries plan described in a NPS proposed regulations released in 1991. It would end all commercial fishing activities in the park after seven years, and until that time would allow commercial fishing in non-wilderness waters by traditional methods.

Dated: April 16, 1998.

Paul R. Anderson,

Acting Regional Director, Alaska Region.

Approval and Promulgation of Implementation Plans; New York State Implementation Plan Revision

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The EPA proposes to approve the State Implementation Plan (SIP) revision for ozone concerning the control of volatile organic compounds submitted by the New York State Department of Environmental Conservation. The SIP revision consists of amendments to the New York Code of Rules and Regulations, Part 230, "Gasoline Dispensing Sites and Transport Vehicles." These revisions were submitted to comply with the gasoline vapor recovery provisions of the Clean Air Act. In the final rules section of this **Federal Register**, EPA is approving New York's SIP revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial revision and anticipates no relevant adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no relevant adverse comments are received in response to that direct final rule no further activity is contemplated in relation to this proposed rule. If EPA receives relevant adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period on this proposal. Any parties interested in commenting on this proposal should do so at this time.

DATES: Comments must be received on or before June 1, 1998.

ADDRESSES: All comments should be addressed to: Ronald J. Borsellino, Chief, Air Programs Branch, Environmental Protection Agency, Region 2 Office, 290 Broadway, 25th Floor, New York, New York 10007-1866.

Copies of the State submittal are available at the following addresses for inspection during normal business hours:

Environmental Protection Agency,
Region 2 Office, 290 Broadway, 25th
Floor, New York, New York 10007-
1866.

New York State Department of
Environmental Conservation, Division
of Air Resources, 50 Wolf Road,
Albany, New York 12233.

FOR FURTHER INFORMATION CONTACT: Kirk J. Wieber, Air Programs Branch, Environmental Protection Agency, 290 Broadway, 25th Floor, New York, New York 10278, (212) 637-4249.

SUPPLEMENTARY INFORMATION: For additional information see the direct final rule which is published in the rules section of this **Federal Register**.

Dated: March 30, 1998.

William Muszynski,

Acting Regional Administrator, Region 2.

Approval and Promulgation of Implementation Plans; California State Implementation Plan Revision, South Coast Air Quality Management District State Implementation Plan Revisions

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing a limited approval and limited disapproval of revisions to the California State Implementation Plan (SIP) which concern the control of volatile organic compound (VOC) and oxides of sulfur (SO_x) emissions from petroleum refinery vacuum-producing devices or systems, including hot wells and accumulators.

The intended effect of proposing limited approval and limited disapproval of this rule is to regulate emissions of VOCs and SO_x in accordance with the requirements of the Clean Air Act, as amended in 1990 (CAA or the Act). EPA's final action on this proposed rule will incorporate this rule into the federally approved SIP. EPA has evaluated the rule and is proposing a simultaneous limited approval and limited disapproval under provisions of the CAA regarding EPA
