

The Coastal Barrier Resources Act (CBRA Public Law 97-3480) and the Coastal Barrier Improvement Act (CBRA Pub.L. 101-591) are federal laws that were enacted on October 1, 1982, and November 16, 1990, respectively. The laws provide protection by prohibiting all federal expenditures or financial assistance or commercial development in areas identified within the system. The legislation was implemented as part of a Department of Interior (DOI) initiative to preserve ecological integrity to areas DOI designates as coastal barriers and otherwise protected areas. When an application for flood insurance is submitted for buildings located in CBRS communities, documentation of eligibility must be submitted.

Title: Implementation of Coastal Barrier Resources Act.

Type of Collection: Reinstatement, without change, of a previously approved collection that has expired.

OMB Number: 3067-0120.

Abstract: When an application for flood insurance is submitted for buildings located in CBRS communities, Section 71.4 of the Code of Federal Regulations Title 44, requires documentation that a building is neither a new construction nor a substantial improvement. One of the following types of documentation must be submitted as evidence of eligibility:

- Certification from a community official stating the building is not located in a designated CBRS area.
- A legally valid building permit or certification from a community official stating that the building's start of construction date preceded the date that the community was identified in the system.
- Certification from the governmental body overseeing the area indicating that the building is used in a manner consistent with the purpose for which the area is protected.
