**SUPPLEMENTARY INFORMATION:**

#### I. Abstract

The International Trade Administration, Tourism Industries' "Survey of International Air Travelers" is the only source for estimating international travel and passenger fare exports and imports for this country. This program also supports the U.S. Department of Commerce, Bureau of Economic Analysis mandate to collect and report this type of information which is used to calculate Gross Domestic Products for the United States. In addition, this project serves as the core data source for Tourism Industries. Numerous reports and analyses are

developed to assist businesses in increasing U.S. exports in international travel. An economic impact of international travel on state economies, visitation estimates, traveler profiles, presentations and reports are generated by Tourism Industries to help the federal government agencies and the travel industry better understand the international market. It is also a service that the U.S. Department of Commerce provides to travel industry businesses seeking to increase international travel and passenger fare exports for the country. It provides the only comparable estimates of nonresident visitation to the states and cities within the U.S., as well as U.S. resident travel abroad. Traveler characteristics data are also collected to help travel related businesses better understand the international travelers to and from the U.S. so they can develop targeted marketing and other planning related materials.

#### II. Method of Data Collection

The collection is on U.S. and foreign flag airlines who voluntarily agree to allow us to survey their departing flights from the U.S. Additional survey are also collected at U.S. departure airports and selected U.S. sites as cooperation is obtained from the travel industry.
