

the United States, to expedite and encourage foreign commerce, and for other purposes," as amended (19 U.S.C. 81a-81u) (the Act), the Foreign-Trade Zones Board (the Board) is authorized to grant to qualified corporations the privilege of establishing foreign-trade zones in or adjacent to U.S. Customs ports of entry;

Whereas, the Board's regulations (15 CFR Part 400) provide for the establishment of special-purpose subzones when existing zone facilities cannot serve the specific use involved;

Whereas, an application from the Port of Houston Authority, grantee of Foreign-Trade Zone 84, for authority to establish special-purpose subzone status at the petrochemical complex of Equistar Chemicals LP, located in Harris County, Texas, was filed by the Board on June 16, 1997, and notice inviting public comment was given in the **Federal Register** (FTZ Docket 50-97, 62 FR 355152, 6/30/97); and,

Whereas, the Board adopts the findings and recommendations of the examiner's report, and finds that the requirements of the FTZ Act and Board's regulations would be satisfied, and that approval of the application would be in the public interest if approval is subject to the conditions listed below;

Now, therefore, the Board hereby authorizes the establishment of a subzone (Subzone 84Q) at the petrochemical complex of Equistar Chemicals LP, located in Harris County, Texas, at the location described in the application, subject to the FTZ Act and the Board's regulations, including § 400.28, and subject to the following conditions:

1. Foreign status (19 CFR 146.41, 146.42) products consumed as fuel for the refinery shall be subject to the applicable duty rate.

2. Privileged foreign status (19 CFR 146.41) shall be elected on all foreign merchandise admitted to the subzone, except that non-privileged foreign (NPF) status (19 CFR 146.42) may be elected on refinery inputs covered under HTSUS Subheadings #2710.00.0505-#2710.00.2500, and #2710.00.45 which are used in the production of:

- petrochemical feedstocks (examiners report, Appendix C);
- products for export; and,
- products eligible for entry under HTSUS # 9808.00.30 and 9808.00.40 (U.S. Government purchases).

3. The authority with regard to the NPF option is initially granted until September 30, 2000, subject to extension.

Signed at Washington, DC, this 28th day of April 1998.

Robert S. LaRussa,

Assistant Secretary of Commerce for Import Administration, Alternate Chairman, Foreign-Trade Zones Board.

Dennis Puccinelli,

This review covers the period April 1, 1997, through September 30, 1997.

EFFECTIVE DATE: May 11, 1998.

FOR FURTHER INFORMATION CONTACT: Brian Smith or Sunkyu Kim, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230; telephone: (202) 482-1766 or (202) 482-2613, respectively.

Postponement of Preliminary Results of Review

On November 28, 1997, the Department initiated this new shipper review of the antidumping duty order on brake rotors from the PRC (62 FR 64206, December 4, 1997). The current deadline for the preliminary results is May 27, 1998. We determine that it is not practicable to complete this review within the original time frame because of the large number of respondents.¹ In accordance with Section 751(a)(2)(B)(iv)

¹The six new shippers are China National Industrial Machinery Import & Export Company, Lai Zhou Auto Brake Equipments Factory, Longkou Haimeng Machinery Co., Ltd., Qingdao Gren Co., Yantai Winhere Auto-Part Manufacturing Co., Ltd., and Zibo Luzhou Automobile Parts Co., Ltd.

of the Trade and Tariff Act of 1930, as amended by the Uruguay Round Agreements Act of 1994 (19 U.S.C. 1675(a)(3)(A)), the Department finds this new shipper review extraordinarily complicated and is extending the time limit for completion of the preliminary results until September 24, 1998, which is 300 days after the date on which the new shipper review was initiated.

Dated: April 30, 1998.

Maria Harris Tildon,

Acting Deputy Assistant Secretary, Import Administration.
