[Docket No. RP98-199-000]

Discovery Gas Transmission LLC; Notice of Proposed Changes in FERC Gas Tariff

May 5, 1998.

Take notice that on April 30, 1998, Discovery Gas Transmission LLC (Discovery) tendered for filing as part of its FERC Gas Tariff, Original Volume No. 1, the following tariff sheets, to become effective June 1, 1998:

First Revised Sheet No. 41

First Revised Sheet No. 42

First Revised Sheet No. 43

Discovery states that the revised tariff sheets eliminate the current requirement that a producer must have committed production to Discovery prior to January 1, 1997, in order to qualify for service under Discovery's FT-2 Rate Schedule. Discovery proposes to make FT-2 service available to any potential shipper that commits production to Discovery, to the extent that firm capacity is available in the pipeline system. Shippers that enter into FT-2 Service Agreements with Discovery must provide a good faith estimate of their production and provide documentation to support the production within eighteen (18) months after committing the production. Discovery's proposal is in response to requests from potential shippers that wish to receive FT-2 service.

Any person desiring to be heard or to protest this filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission,
