DEPARTMENT OF THE INTERIOR**National Park Service**

**Notice of Inventory Completion for
Native American Human Remains from
Gooseberry Valley, Utah in the Control
of the Fishlake National Forest, USDA
Forest Service, Richfield, UT**

AGENCY: National Park Service, Interior

ACTION: Notice.

Notice is hereby given in accordance with provisions of the Native American Graves Protection and Repatriation Act (NAGPRA), 43 CFR 10.9, of the completion of an inventory of human remains from Gooseberry Valley, Utah in the control of the Fishlake National Forest, USDA Forest Service, Richfield, UT.

A detailed assessment of the human remains was made by University of Utah Museum of Natural History, University of Utah Department of Anthropology, and USDA Forest Service professional staff in consultation with representatives of the Duckwater Shoshone Tribe, Fort McDermitt Paiute and Shoshone Tribes, Hopi Tribe, Kaibab Band of Paiute Indians, Navajo Nation, Northwestern Band of Shoshoni Nation, Paiute Indian Tribe of Utah, Pueblo of Acoma, Pueblo of Pojoaque, Pueblo of San Felipe, Pueblo of San Ildefonso, Pueblo of Sandia, Pueblo of Santa Ana, Pueblo of Santa Clara, Pueblo of Santo Domingo, Pueblo of Zia, Pueblo of Zuni, Shoshone-Bannock Tribes of the Fort Hall Reservation, Shoshone-Paiute Tribes of the Duck Valley Reservation, Skull Valley Band of Goshute Indians, Southern Paiute Consortium (on behalf of the Kaibab Paiute Band, Cedar City Paiute Band, Indian Peak Paiute Band, Kanosh Paiute Band, Koosharem Paiute Band, Las Vegas Paiute Band, Moapa Paiute Band, and Shivwits Paiute Band), Southern Ute Indian Tribe, Summit Lake Paiute Tribe, Ute Mountain Ute Tribe, Ute Tribe of the Unitah and Ouray Reserveration, and the Yomba Shoshone Tribe.

During the 1980s, human remains representing one individual were recovered from Warezit House (42SV 1060) in the Fishlake National Forest during legally authorized excavations conducted by University of Utah Department of Anthropology and currently curated at the Utah Museum of Natural History. No known individual was identified. No associated funerary objects are present.

Based on material culture of the site, the Warezit House site has been identified as a Fremont occupation dating between 780-1260 A.D. Based on the context of the burial, this individual as been identified as Native American. On review of the available evidence concerning Fremont culture and settlement of this area, continuities of agriculture, basketry, and ceramics indicate affiliation between the Fremont of this area and later puebloan groups. Additionally, continuities of ceramics and projectile point chronologies also indicate cultural affiliation between the Fremont of this area and the historic Numic-speaking groups identified in the area during the contact period. Consultation evidence provided by representatives of the Hopi Tribe, the Paiute Tribe of Utah, the Pueblo of Zuni, and the Ute Tribe of the Unitah and Ouray Reservation have presented data from oral traditions that indicate ancestral groups and/or specific clans or lineages from their cultures inhabited portions of the area associated with the Fremont from the very earliest times onward.

Based on the above mentioned information, officials of the USDA Forest Service have determined that, pursuant to 43 CFR 10.2 (d)(1), the human remains listed above represent the physical remains of one individual of Native American ancestry. While not clearly culturally affiliated, officials of the USDA National Forest Service have further determined that, pursuant to 25 U.S.C. 3003 (d)(2)(C), there is a reasonable belief of shared group identity given the totality of the circumstances surrounding the acquisition of these Native American human remains with the Hopi Tribe, the Paiute Tribe of Utah, the Pueblo of Zuni, and the Ute Tribe of the Unitah and Ouray Reservation.

This notice has been sent to officials of the Duckwater Shoshone Tribe, Fort McDermitt Paiute and Shoshone Tribes, Hopi Tribe, Kaibab Band of Paiute Indians, Navajo Nation, Northwestern Band of Shoshoni Nation, Paiute Indian Tribe of Utah, Pueblo of Acoma, Pueblo of Pojoaque, Pueblo of San Felipe, Pueblo of San Ildefonso, Pueblo of Sandia, Pueblo of Santa Ana, Pueblo of

Santa Clara, Pueblo of Santo Domingo, Pueblo of Zia, Pueblo of Zuni, Shoshone-Bannock Tribes of the Fort Hall Reservation, Shoshone-Paiute Tribes of the Duck Valley Reservation, Skull Valley Band of Goshute Indians, Southern Paiute Consortium (on behalf of the the Kaibab Paiute Band, Cedar City Paiute Band, Indian Peak Paiute Band, Kanosh Paiute Band, Koosharem Paiute Band, Las Vegas Paiute Band, Moapa Paiute Band, and Shivwits Paiute Band), Southern Ute Indian Tribe, Summit Lake Paiute Tribe, Ute Mountain Ute Tribe, Ute Tribe of the Unitah and Ouray Reserveration, Yomba Shoshone Tribe. Representatives of any other Indian tribe that believes itself to be culturally affiliated with these human remains should contact Robert Leonard, Forest Archeologist, Fishlake National Forest, 115 East 900 North, Richfield, UT 84602-3600; telephone: (801) 896-9233, before June 12, 1998. Repatriation of the human remains to the Hopi Tribe, the Paiute Tribe of Utah, the Pueblo of Zuni, and the Ute Tribe of the Unitah and Ouray Reservation may begin after that date if no additional claimants come forward.

The National Park Service is not responsible for the determinations within this notice.

Dated: May 7, 1998.

Francis P. McManamon,

*Departmental Consulting Archeologist,
Manager, Archeology and Ethnography
Program.*
