RAILROAD RETIREMENT BOARD

Proposed Collection; Comment Request

SUMMARY: In accordance with the requirement of Section 3506 (c)(2)(A) of the Paperwork Reduction Act of 1995 which provides opportunity for public comment on new or revised data collections, the Railroad Retirement Board (RRB) will publish periodic summaries of proposed data collections.

Comments are invited on: (a) Whether the proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the RRB's estimate of the burden of the collection of the information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden related to the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Title and purpose of information collection: Railroad Service and Compensation Reports; OMB 3220-0008 Under Section 6 of the Railroad Unemployment Insurance Act (RUIA) and Section 9 of the Railroad Retirement

(Act (RRA), the Railroad Retirement Board (RRB) maintains for each railroad employee a record of compensation paid to that employee by all railroad employers for whom the employee worked after 1936. This record, which is used by the RRB to determine eligibility for, and amount of, benefits due under the laws it administers, is conclusive as to the amount of compensation paid to an employee during such period(s) covered by the report(s) of the compensation by the employee's railroad employer(s), except in cases when an employee files a protests pertaining to his or her reported compensation within the statute of limitations cited in Section 6 of the RRA and Section 9 of the RRA.

To enable the RRB to establish and maintain the record of compensation, employers are required to file with the RRB, in such manner and form and at such times as the RRB prescribes, reports of compensation of employees. The information reporting requirements are prescribed in 20 CFR 209.6. The RRB utilizes Form BA-3a, Annual Report of Compensation and Form BA-4, Report of Creditable Compensation Adjustments, to secure the required information from railroad employees. Employers have the option of submitting the reports on the aforementioned forms, or, in like format, on magnetic tape, tape cartridges or PC diskettes as outlines in the RRB's Reporting Instructions to Employers. Submission of the reports is mandatory. One response is required of each respondent. No changes are proposed to Form BA-3a or BA-4.

The completion time for Form BA-3a is estimated at 85 hours per response. The completion time for Form BA-4 is estimated at 60 minutes per response.

Additional Information or Comments: To request more information or to obtain a copy of the information collection justification, forms, and/or supporting material, please call the RRB Clearance Officer at (312) 751-3363. Comments regarding the information collection should be addressed to Ronald J. Hodapp, Railroad Retirement Board, 844 N. Rush Street, Chicago, Illinois 60611-2092. Written comments should be received within 60 days of this notice.

Chuck Mierzwa,

Clearance Officer.
