[Docket No. CP98-521-000]

Columbia Gas Transmission Corporation; Notice of Application

May 11, 1998.

Take notice that on May 5, 1998, Columbia Gas Transmission Corporation (Columbia), P.O. Box 10146, Fairfax, Virginia 22030, filed an application pursuant to Section 7(b) of the Natural Gas Act (NGA) and Part 157 of the Commission's Regulations thereunder for an order granting permission and approval to abandon by transfer certain natural gas facilities, all as more fully set forth in the application on file with the Commission and open to public inspection.

Columbia proposes to abandon twenty (20) meters used to measure receipts of volumes from independent producers located in Ohio, Pennsylvania and New York. On July 31, 1991, Columbia filed for protection under Chapter 11 of the United States Bankruptcy Code. In the process of liquidating claims, Columbia entered into settlement agreements with individual producers which involved, among other things, Columbia's agreement to transfer to the settling producers certain receipt meters. These meters were no longer needed by Columbia to support gas purchase activity but were of interest to the producers who would continue to introduce gas into Columbia's system for transportation.

Any person desiring to be heard or to make any protest with reference to said application should on or before June 1, 1998, file with the Federal Energy Regulatory Commission, 888 First Street, N.W., Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and
