

testimonials from consumers appearing in the advertisements for Cholestaway reflect the typical or ordinary experience of members of the public who use the product. The complaint alleges that the respondents did not have a reasonable basis for any of these representations at the time they were made.

The consent order contains provisions designed to prevent the respondents from engaging in similar acts and practices in the future.

Part I of the order prohibits the respondents from making the representations challenged in the complaint, unless they possess and rely upon competent and reliable scientific evidence that substantiates the representation.

Part II prohibits respondents from making any representations about the efficacy, performance, safety or benefits of any food, dietary supplement of drug unless they possess and rely upon competent and reliable scientific evidence that substantiates the representation.

Part III prohibits the respondents from misrepresenting the existence, contents, validity, results, conclusions or interpretations of any test, study, or research.

Part IV prohibits the respondents from representing that the experience represented by a user testimonial or endorsement of the product is the typical or ordinary experience of users of the product unless the representation

is substantiated or they disclose what the generally expected results would be or that consumers should not expect the same results.

Part V allows the respondents to make representations for any drug that are permitted in labeling for that drug under any tentative final or final Food and Drug Administration ("FDA") standard or under any new drug application approved by the FDA.

Part VI allows the respondents to make representations for any product that are specifically permitted in labeling for that product by regulations issued by the FDA under the Nutrition Labeling and Education Act of 1990.

Parts VII through X require the respondents to keep copies of advertisements making representations covered by the order; to keep records concerning those representations, including materials that they relied upon making the representations; to provide copies of the order to certain of the respondents' personnel; to notify the Commission of changes in corporate structure; and to file complaint reports with the Commission. Title: Financial Status Reporting Form (SF-269) with Supplemental Form (ADD-02) for Developmental Disabilities Council Program.

OMB No.: 0980-0212.

Description: Developmental Disabilities Council Program funds are awarded contingent on fiscal requirements in Part B of the Developmental Disabilities Assistance and Bill of Rights Act. The SF-269, mandated in the revised OMB Circular A-102, provides no breakouts necessary for proper stewardship. The proposed alternative would breakout the necessary information, but would do so in a consolidated manner that makes reporting easier. It will allow proactive compliance monitoring by the Government to catch problems early.

Respondents: State, Local or Tribal Government.
