SUPPLEMENTARY INFORMATION:

I. Background on the Kentucky Program

On May 18, 1982, the Secretary of the Interior conditionally approved the Kentucky program. Background information on the Kentucky program, including the Secretary’s findings, dispositions of comments, and the conditions of approval can be found in the May 18, 1982, Federal Register (47 FR 21404). Subsequent actions concerning the conditions of approval and program amendments can be found at 30 CFR 917.11, 917.13, 917.15, 917.16, and 917.17.

II. Description of the Proposed Amendment

By letter dated April 23, 1998 (Administrative Record No. KY-1425), Kentucky submitted a proposed amendment to its program. House Bills (HB) 354, 498, and 593 (effective July 15, 1998) revise section 350 of the Kentucky Revised Statutes (KRS) at 350.990(11), 350.131(2), 350.139(1), 350.990(1), and 350.060(16).

Specifically, Kentucky proposes to make the following changes. HB 354 confirms Executive Order 97-714, June 11, 1997, which changed the name of the Division of Abandoned Lands to the Division of Abandoned Mine Lands and corrects the name in KRS 350.990(11).

HB 498 completes the package of bonding reforms jointly recommended by the State, OSM, and others. It requires that when a bond is forfeited, and the entire forfeited amount is more than necessary to complete reclamation, the unused funds less any accrued interest shall be returned to the party from whom they were collected at KRS 350.131(2). It establishes the bond forfeiture supplemental fund at KRS 350.139(1) and requires that funds from forfeited reclamation bonds be placed in an interest-bearing account. The interest becomes a supplemental fund that can be used to reclaim any lands where a forfeited bond is insufficient to complete the necessary reclamation. No more than 25% of the supplemental fund can be expended on a single site, unless a larger expenditure is necessary to abate an imminent danger to public health or safety. At KRS 350.990(1), HB 498 provides for a potential second source of money for the supplemental fund. The first $800,000 of collected civil penalties for coal mining violations will be deposited into the General Fund. One-half of the excess will go to the new bond forfeiture supplemental fund, but only when the balance in the Bond Pool Fund is above the minimum of the operating range necessary to ensure its solvency. No diversion of excess penalty income from the Fund to the supplemental fund will occur until the Fund balance reaches $16 million, or a larger amount established by the most recent actuarial study of the Fund. If the Fund falls below $16 million (or higher amount established by the study), all excess moneys shall be deposited into the Fund until it reaches $16 million. HB 593 revises KRS 350.060(16) to require that a notice of noncompliance be issued if a permit has expired or if a permit renewal application has not been timely filed and the operator or permittee wants to continue the mining operation. The notice of noncompliance shall be deemed to have been complied with, and the permit may be renewed, if a permit renewal application is received within 30 days of the receipt of the notice of noncompliance. Upon submittal of a permit renewal application, the operator or permittee shall be deemed to have timely filed the permit renewal application and shall be permitted to continue, under the terms of the expired permit, the mining operation, pending issuance of the permit renewal. Failure to comply with the remedial measures of the notice of noncompliance shall result in the cessation of the mining operation.

III. Public Comment Procedures

In accordance with the provisions of 30 CFR 732.17(h), OSM is seeking comments on whether the proposed amendment satisfies the applicable program approval criteria of 30 CFR 732.15. If the amendment is deemed adequate, it will become part of the Kentucky program.

Written Comments

Written comments should be specific, pertain only to the issues proposed in this rulemaking, and include explanations in support of the commenter’s recommendations. Comments received after the time indicated under DATES or at locations other than the Lexington Field Office will not necessarily be considered in the final rulemaking or included in the Administrative Record.

IV. Procedural Determinations

Executive Order 12866

This rule is exempted from review by the Office of Management and Budget (OMB) under Executive Order 12866 (Regulatory Planning and Review).

Executive Order 12988

The Department of the Interior has conducted the reviews required by section 3 of Executive Order 12988 (Civil Justice Reform) and has determined that, to the extent allowed by law, this rule meets the applicable standards of subsections (a) and (b) of that section. However, these standards are not applicable to the actual language of State regulatory programs and program amendments since each such program is drafted and promulgated by a specific State, not by OSM. Under sections 503 and 505 of SM C R A (30 U.S.C. 1253 and 1255) and 30 CFR 730.11, 732.15, and 732.17(h)(10), decisions or proposed State regulatory programs and program amendments submitted by the States must be based solely on a determination of whether the submittal is consistent with SMCRA and

Rules of Practice, Procedure, and Evidence for Administrative Proceedings of the Coast Guard

AGENCY: Coast Guard, DOT.

ACTION: Reopening of comment period on notice of proposed rulemaking.

SUMMARY: The Coast Guard is reopening the period for public comment on its Notice of Proposed Rulemaking (NPRM), Rules of Practice, Procedures, and Evidence for Administrative Proceedings of the Coast Guard. Because of several requests for extension, the Coast Guard is reopening the period for 30 days.

DATES: Comments must reach the Coast Guard on or before June 19, 1998.

ADDRESSES: You may mail comments to the Docket Management Facility [USCG–1998–3472] and the specific section of this document to which each comment applies, and give the reason for each comment. Please submit one copy of all comments and attachments in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing to the DOT Docket Management Facility at the address under ADDRESSES. If you want acknowledgment of receipt of your comment, enclose a stamped, self-addressed postcard or envelope.

The request must identifies this docket (USCG–1998–3472) and should include the reasons why a public meeting would be helpful to this rulemaking. If an opportunity for oral presentations will help the rulemaking procedures, the Coast Guard will hold a public meeting at a time and place announced by a later notice in the Federal Register.

Background and Purpose

The Coast Guard seeks to improve its adjudication process. This improvement would also affect certain actions involving merchant mariners. First, the proposed rule would consolidate all Coast Guard adjudicative procedures to include the following: the suspension and revocation (S&R) of merchant mariners’ licenses, certificates of registry, and documents and the procedures involving class II civil penalties. Second, the proposed rule would eliminate unnecessary procedures from S&R proceedings. The Coast Guard expects the proposed rule to facilitate the efficient use of administrative resources relating to Coast Guard adjudication. It would save time, effort, and money for all parties.
