

Any person desiring to be heard or to make any protest with reference to said petition should on or before 15 days after the date of publication in the **Federal Register** of this notice, file with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214, 385.211, 385.1105, and 385.1106). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Linwood A. Watson, Jr.,

Acting Secretary.

Viking Gas Transmission Company; Notice of Request for Extension of Time

May 15, 1998.

Take notice that on April 30, 1998, Viking Gas Transmission Company (Viking) filed for an extension of implementation dates for computer-related capacity release GISB standards.

Viking requests the Commission to grant Viking an extension of time to June 1, 1999, to implement the computer-related capacity release GISB standards. Viking says it needs additional time to test and to implement its capacity release computer components. Viking claims its ability to test and to implement its capacity release computer components has been delayed due to complications that arose in conjunction with its conversion to an Internet-based EBB in place of a dial-up EBB.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests should be filed on or before May 22, 1998. Protests will be considered by the Commission in determining the appropriate action to

be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. PR98-12-000]

Enogex Inc.; Notice of Petition for Rate Approval

May 15, 1998.

Take notice that on May 1, 1998 Enogex Inc. (Enogex) filed pursuant to Section 284.123(b)(2) of the Commission's Regulations, 18 CFR 284.123(b)(2), a petition for rate approval to establish new rates for interruptible transportation services which Enogex provides under Section 311(a)(2) of the Natural Gas Policy Act of 1978. The proposed maximum rate for interruptible transportation service is \$0.5470 per MMBtu, to be effective May 1, 1998.

Enogex also proposes an optional monetary settlement (cash out) for quantities of gas which are below nominated delivery amounts (underdeliveries) or greater than nominated delivery amounts (overdeliveries), to reduce the number of priority categories for curtailment purposes, and to make certain minor changes, clarifications and corrections to the Enogex Statement of Enogex Inc. in Compliance with 18 CFR Part 284. Enogex has submitted a revised Statement in Compliance with its petition for rate approval, to be effective June 1, 1998.

Pursuant to Section 284.123(b)(2)(ii) of the Commission's Regulations, if the Commission does not act within 150 days of the filing date, the rates Enogex proposes will be deemed to be fair and equitable and not in excess of an amount which interstate pipelines would be permitted to charge for similar transportation service. The Commission may, prior to the expiration of the 150 day period, extend the time for action or institute a proceeding to afford parties an opportunity for written comments and for the oral presentation of views, data and arguments.

Any person desiring to participate in this rate proceeding must file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules of Practice and Procedure. All such motions or protests must be filed with the Secretary of the Commission on or before June 1, 1998. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this application are on file with the Commission and are available for public inspection.

Warm Creek Hydro, Inc. and Nooksack River Hydro, Inc.; Notice of Site Visit

May 15, 1998.

The Federal Energy Regulatory Commission (Commission) has received an application for license for the proposed Warm Creek Project No. 10865 and Clearwater Creek Project No. 11495. The projects are located in Whatcom County, Washington.

The Commission issued a notice to prepare an Environmental Impact Statement (EIS) on the hydroelectric projects in accordance with the National Environmental Policy Act.

The Commission's staff will visit the project site on Wednesday, June 10, 1998. The site visit will begin at 9:00 a.m. at the Acme Cafe on Highway 9 in Acme, Washington. Interested individuals, organizations, and agencies are invited to attend the site visit to gain a better understanding of the proposed projects. People interested in attending the site visit should provide their own transportation.

If you have any questions please contact Tim Looney at (202) 219-2852.
