DEPARTMENT OF DEFENSE

Department of the Army

Record of Decision on the Final Environmental Impact Statement (FEIS) on the Disposal and Reuse of the Seneca Army Depot Activity, New York

AGENCY: Department of the Army, DoD.

ACTION: Notice of availability.

SUMMARY: The Department of the Army announces its Record of Decision (ROD) on the Final Environmental Impact Statement (FEIS) for the disposal and reuse of the 10,594 acres comprising the Seneca Army Depot Activity (SEDA), in accordance with the Defense Base Closure and Realignment Act of 1990, Public Law 101-510, as amended. The establishment of an enclave as directed by the BRAC Commission would require the Army's retention of 30 acres to be used for storage of hazardous materials and ores.

In the ROD, the Army concludes that the FEIS adequately addresses the impacts of property disposal and documents its decision to transfer the property as encumbered. The ROD concludes that the surplus property will be conveyed subject to restrictions, identified in the FEIS, that relate to the following: historical resources, remedial activities, access easement, wetlands, groundwater use, lead-based paint, asbestos-containing material, easements and rights-of-way, and unexploded ordnance. The Army will impose deed restrictions or other requirements to ensure safety and protection of human health and the environment. The Army has taken all practicable measures to avoid or minimize environmental harm associated with its preferred alternative of encumbered property disposal. The Army will continue to work with individual future owners to avoid, reduce, or compensate for adverse impacts that might occur as a result of disposal. Mitigation measures for reuse activities are identified in the FEIS.

ADDRESSES: A copy of the ROD may be obtained by writing to Ms. Shirley Barnett, U.S. Army Materiel Command, ATTN: AMCSO, 5001 Eisenhower Avenue, Alexandria, VA 22333-0001 or by calling (703) 617-8172. Copies of the

Final EIS may be obtained by writing to Mr. Hugh McClellan, Corps of Engineers, Mobile District, ATTN: SAMPD, PO Box 2288, Mobile, Alabama 36628-0001 or by facsimile at (334) 690-2605.

SUPPLEMENTARY INFORMATION: Under the Act, the Secretary of the Army has been delegated the authority to dispose of excess real property and facilities located at a military installation being closed or realigned. The Army is required to comply with the National Environmental Policy Act during the process of property disposal and must prepare appropriate analyses of the impacts of disposal and, indirectly, of reuse of the property on the environment. The ROD and the FEIS satisfy requirements of the law to examine the environmental impacts of disposal and reuse of the Seneca Army Depot Activity.

Dated: May 19, 1998.

Richard E. Newsome,

*Acting Deputy Assistant Secretary of the
Army (Environment, Safety and Occupational
Health) OASA (I, L&E).*
