1998 Chesapeake Bay and Atlantic Coast Tautog Fishery Management Plan (FMP)

Public Review (June 4, 1998 to July 3, 1998)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: A draft of the 1998 Chesapeake Bay and Atlantic Coast Tautog Fisheries Management Plan (FMP) is available for public comment June 4, 1998 to July 3, 1998. Although an active fishery exists in the Federal Exclusive Economic Zone (3-200 miles offshore), the Chesapeake Bay serves as an important nursery and feeding ground for young tautog. Concerns of localized overfishing and a shift toward increasing commercial fishing pressure since the early 1990s have led to the development of a federal fishery management plan for the species under the Atlantic States Marine Fisheries Commission (ASMFC). Chesapeake Bay jurisdictions will promulgate several fishery management measures for tautog that will begin immediate reduction in exploitation levels, rebuild the spawning stock and promote uniform management between federal and state agencies. The Bay jurisdictions will reduce exploitation and improve protection of the spawning stock in the Chesapeake Bay and Atlantic by complying with federal ASMFC recommendations. Chesapeake Bay fishery management plans (FMPs) are prepared under the direction of the 1987 Chesapeake Bay Agreement and serve as a framework for conserving and wisely using fishery resources. The goal of the Chesapeake Bay and Atlantic Coast Tautog Fishery Management Plan (FMP) is to "enhance and perpetuate tautog stocks and their habitat in the Chesapeake Bay and its tributaries, and throughout its Atlantic coast range, so as to generate optimum long-term ecological, social, and economic benefits from their recreational and commercial harvest and utilization over time."

A draft of the Plan is available by calling the Chesapeake Bay Program Office at 1-800-YOUR BAY. Comments should be returned to Mike Barnette, Virginia Marine Resources Commission, 2600 Washington Ave., P.O. Box 756, Newport News, VA 23607.

Director, Chesapeake Bay Program Office.
