Antarctic Marine Living Resources Convention Act of 1984; Conservation and Management Measures

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Final regulatory notice.

SUMMARY: At its sixteenth meeting in Hobart, Tasmania, October 27 to November 7, 1997, the Commission for the Conservation of Antarctic Marine Living Resources (CCAMLR), of which the United States is a member, adopted conservation measures, pending members' approval, pertaining to fishing in the CCAMLR Convention Area in Antarctic waters. These measures were agreed upon in accordance with Article IX of the Convention for the Conservation of Antarctic Marine Living Resources. The measures restrict overall catches of certain species of fish, list the fishing seasons, continue previously adopted reporting requirements, and specify measures that must be taken to minimize the incidental taking of non-target species. The measures were announced by the Department of State by a preliminary notice in the **Federal Register** on February 3, 1998 (63 FR 5587-5598). Public comments were invited, but none were received. NMFS implements these measures by final regulatory notice, consistent with the framework process specified in the International Fisheries Regulations (50 CFR 300.111).

DATES: June 3, 1998 through June 3, 1999.

ADDRESSES: Copies of the CCAMLR measures and the framework environmental assessment may be obtained from the Assistant Administrator for Fisheries, NOAA, National Marine Fisheries Service, 1315 East-West Highway, Silver Spring, MD 20910.
