

of the MLG, in accordance with Dornier Service Bulletin SB-328-53-184, Revision 1, dated July 2, 1997. Accomplishment of this installation constitutes terminating action for the requirements of this AD.

(c) An alternative method of compliance or adjustment of the compliance time that provides an acceptable level of safety may be used if approved by the Manager, International Branch, ANM-116, FAA, Transport Airplane Directorate. Operators shall submit their requests through an appropriate FAA Principal Maintenance Inspector, who may add comments and then send it to the Manager, International Branch, ANM-116.

Note 2: Information concerning the existence of approved alternative methods of compliance with this AD, if any, may be obtained from the International Branch, ANM-116.

(d) Special flight permits may be issued in accordance with sections 21.197 and 21.199 of the Federal Aviation Regulations (14 CFR 21.197 and 21.199) to operate the airplane to a location where the requirements of this AD can be accomplished.

Note 3: The subject of this AD is addressed in German airworthiness directives 95-413, dated November 2, 1995, and 97-073, dated March 27, 1997.

Issued in Renton, Washington, on June 3, 1998.

Darrell M. Pederson,

Acting Manager, Transport Airplane Directorate, Aircraft Certification Service.

14 CFR Part 71

[Airspace Docket No. 98-ASW-31]

Proposed Revision of Class D Airspace; Dallas NAS, Dallas, TX

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking.

SUMMARY: This notice proposes to revise the Class D airspace extending upward from surface to and including 3,000 feet mean sea level (MSL), within a 4.2-mile radius of Grand Prairie Municipal Airport, TX. The development of global positioning system (GPS) and very high frequency omnidirectional range/distance measuring equipment (VOR/DME) standard instrument approach procedures (SIAPs) to runway 35 at Grand Prairie Municipal Airport, Grand Prairie, TX, has made this rule necessary. The intended effect of this proposal is to provide adequate controlled airspace for aircraft operating in the vicinity of Grand Prairie Municipal Airport, Grand Prairie, TX.

DATES: Comments must be received on or before August 10, 1998.

ADDRESSES: Send comments on the proposal in triplicate to Manager, Airspace Branch, Air Traffic Division, Federal Aviation Administration Southwest Region, Docket No. 98-ASW-31, Fort Worth, TX 76193-0520.

The official docket may be examined in the Office of the Regional Counsel, Southwest Region Federal Aviation Administration, 2601 Meacham Boulevard, Fort Worth, TX, between 9:00 a.m. and 3:00 p.m., Monday through Friday except Federal holidays. An informal docket may also be examined during normal business hours at the Airspace Branch, Air Traffic Division, Federal Aviation Administration Southwest Region, 2601 Meacham Boulevard, Fort Worth, TX.

FOR FURTHER INFORMATION CONTACT: Donald J. Day, Airspace Branch, Air Traffic Division, Federal Aviation Administration, Southwest Region, Fort Worth, TX 76193-0520; telephone: (817) 222-5593.

SUPPLEMENTARY INFORMATION:

Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal.

Communications should identify the airspace docket number and be submitted in triplicate to the address listed under the caption **ADDRESSES**. Commenters wishing the FAA to acknowledge receipt of their comments on this notice must submit, with those comments, a self-addressed, stamped, postcard containing the following statement "Comments to Airspace Docket No. 98-ASW-31." The postcard will be date and time stamped and returned to the commenter. All communications received on or before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this notice may be changed in the light of comments received. All comments submitted will be available for examination in the Office of the Regional Counsel, Southwest Region Federal Aviation Administration, 2601 Meacham Boulevard, Fort Worth, TX, both before and after the closing date for

comments. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

Availability of NPRM's

Any person may obtain a copy of this Notice of Proposed Rulemaking (NPRM) by submitting a request to the Operations Branch, Air Traffic Division, Federal Aviation Administration, Southwest Region, Fort Worth, TX 76193-0520. Communications must identify the notice number of this NPRM. Persons interested in being placed on a mailing list for future NPRM's should also request a copy of Advisory Circular No. 11-2A that describes the application procedure.

The Proposal

The FAA is considering an amendment to 14 CFR part 71 to establish Class D airspace, controlled airspace extending upward from the surface to and including 3,000 feet MSL, at Grand Prairie Municipal Airport, Grand Prairie, TX. The development of GPS and VOR/DME SIAPs to runway 35 at Grand Prairie Municipal Airport, Grand Prairie, TX, has made this rule necessary. The intended effect of this proposal is to provide adequate Class D airspace for aircraft operating in the vicinity of Grand Prairie Municipal Airport, Grand Prairie, TX.

The coordinates for this airspace docket are based on North American Datum 83. Designated Class D airspace areas are published in Paragraph 5000 of FAA Order 7400.9E, dated September 10, 1997, and effective September 16, 1997, which is incorporated by reference in 14 CFR 71.1. The Class D airspace designation listed in this document would be published subsequently in the order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations that need frequent and routine amendments to keep them operationally current. It, therefore—(1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, CLASS B, CLASS C, CLASS D, AND CLASS E AIRSPACE AREAS; AIRWAYS; ROUTES; AND REPORTING POINTS

1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of the Federal Aviation Administration Order 7400.9E, *Airspace Designations and Reporting Points*, dated September 10, 1997, and effective September 16, 1997, is amended as follows:

Paragraph 5000 Class D airspace areas.

* * * * *

ASW TX D Dallas NAS Dallas, TX [Revised]

Dallas NAS Hensley Field, TX

(lat. 32°44'04"N., long. 96°58'03"W.)

Dallas, Redbird Airport, TX

(lat. 32°40'51"N., long. 96°52'06"W.)

Grand Prairie Municipal Airport, TX

(lat. 32°41'54"N., long. 97°02'48"W.)

That airspace extending upward from the surface to and including 2,000 feet MSL within a 4.2-mile radius of Dallas NAS Hensley Field and within a 4.2-mile radius of the Redbird Airport excluding that airspace east of a line from lat. 32°37'40"N., long. 96°55'21"W.; to lat. 32°39'35"N., long. 96°54'16"W.; to lat. 32°44'20"N., long. 96°53'59"W.; and that airspace upward from the surface to but not including 3,000 feet MSL within a 4.2-mile radius of the Grand Prairie Municipal Airport; excluding that airspace west of a line from lat. 32°45'52"N., long. 97°04'30"W.; to lat. 32°38'12"N., long. 97°05'10"W.; excluding that airspace within the Dallas-Fort Worth, TX, Class B airspace area. This Class D airspace is effective during the specific dates and times established in advance by a Notice to Airmen. The effective date and time will thereafter be continuously published in the Airport/Facility Directory.

DEPARTMENT OF THE TREASURY**Customs Service****19 CFR Parts 113 and 151**

RIN 1515–AB60

Accreditation of Commercial Testing Laboratories; Approval of Commercial Gaugers

AGENCY: Customs Service, Treasury.

ACTION: Notice of proposed rulemaking.

SUMMARY: This document proposes to amend the Customs Regulations relating to the commercial testing and gauging of imported merchandise, pursuant to Customs modernization provisions of the North American Free Trade Agreement Implementation Act. The proposed regulations revise the general procedures for the accreditation/reaccreditation of commercial laboratories, the approval/reapproval of commercial gaugers, and the suspension and revocation of such accreditations/approvals. Further, the proposed regulations establish a reimbursable fee schedule that Customs will charge such laboratories/gaugers to accredit/approve and periodically reaccredit/reapprove their commercial services, and make provision for the imposition of monetary penalties for failure to adhere to any of the provisions applicable to the examination, sampling, and testing of imported merchandise.

DATES: Comments must be received on or before August 10, 1998.

ADDRESSES: Written comments (preferably in triplicate) may be addressed to the Regulations Branch, Office of Regulations and Rulings, U.S. Customs Service, 1300 Pennsylvania Avenue, NW., Washington, DC 20229. Comments submitted may be inspected at the Regulations Branch, Office of Regulations and Rulings, U.S. Customs Service, Suite 3000, 1300 Pennsylvania Avenue, NW., Washington, DC.

FOR FURTHER INFORMATION CONTACT: Ira Reese, Laboratories & Scientific Services, (202) 927–1060.

SUPPLEMENTARY INFORMATION:**Background**

On December 8, 1993, the United States enacted the North American Free Trade Agreement Implementation Act (the Act), Pub. L. 103–182, 107 Stat. 2057. Title VI of the Act contains provisions pertaining to Customs Modernization (107 Stat. 2170); section 613 of Subtitle A to Title VI amends section 499 of the Tariff Act of 1930 (19 U.S.C. 1499), which provides Customs

with the authority to conduct examinations and detain imported merchandise.

The Commercial Laboratory/Gauger Testing Provisions of Section 613

The provisions of section 613, among other things, codify Customs regulations and administrative guidelines concerning the use of commercial laboratories and gaugers by adding a new paragraph (b) to section 499 (19 U.S.C. 1499(b)). Regarding the accreditation/approval aspects of commercial laboratories/gaugers, the provisions of new paragraph (b) authorize Customs to:

(1) Set procedures for the accreditation of commercial laboratories in the United States, which may be used to perform tests relating to the admissibility, quantity, composition, or characteristics of imported merchandise, and the approval of commercial gaugers in the United States, which may be used to perform tests to establish the quantities of imported merchandise;

(2) Impose reasonable charges for such accreditations/approvals and periodic reaccreditations/reapprovals; and

(3) Establish the conditions regarding the suspension and revocation of such accreditations and approvals, which may include the imposition of monetary penalties not to exceed \$100,000, in addition to penalties for any loss of revenue, in appropriate cases.

Regarding the testing/gauging aspects of commercial laboratories/gaugers, new paragraph (b) further provides that:

(1) In the absence of Customs testing, Customs shall accept analysis and quantity results from Customs-accredited laboratories and Customs-approved gaugers; however, this circumstance does not limit or otherwise preclude Customs or any other Federal agency from independently testing, analyzing, or quantifying any sample or merchandise;

(2) Testing procedures and methodologies will be made available upon request to any person, except when they are proprietary to the holder of a copyright or patent or developed by Customs for enforcement purposes; information resulting from any Customs testing will be made available to the importer of record and any agents thereof, except when the information meets the above specified exclusions from disclosure; and

(3) Laboratories/gaugers may seek judicial review of any final Customs decision that adversely affects their accreditation/approval, *i.e.*, denial, suspension, or revocation, or that
