

the Parachute Valley in Garfield County, Colorado. There it would be further processed to commercial grade sodium carbonate, sodium bicarbonate, and other sodium products.

The project would occur on BLM lands of the White River Resource Area and on private lands in Rio Blanco and Garfield Counties, Colorado. The proposed solution mine site is contained within Sections 17, 18, 19, 20, 21, 28, and 29 of Township 1 South, Range 97 West of the Sixth Prime Meridian (PM), Rio Blanco County, Colorado. It is approximately 63 miles north-northeast of Grand Junction, 22 miles west-southwest of Meeker, and 29 miles east-southeast of Rangely, Colorado. The proposed processing operation would be located on private property in Sections 34 and 35 of Township 6 South, Range 96 West of the Sixth PM, Garfield County, Colorado, approximately 3 miles northwest of the town of Parachute, Colorado.

The solution mine site and the processing operation site would be connected by two parallel, insulated buried pipelines that would run east-southeast from the solution mine for approximately 9 miles and then generally south along an existing pipeline right-of-way for approximately 35 miles to the processing operation. Bulk sodium products would be shipped from the processing operation via a 4-mile-long dedicated rail spur to an interstate rail connection near the town of Parachute.

The solution mining process would require approximately 1 cubic foot per second (cfs) of water, including solutions in the product pipeline. An existing water right would be used to allow process water to be taken from the Colorado River via an existing intake located in the river near the town of Parachute. Water would be transported from the Colorado River to the proposed solution mine site by a return water pipeline paralleling the product pipeline.

The American Soda commercial mining program is anticipated to operate indefinitely. The commercial Mine Plan under development addresses the first 30 years of operation, with an initial design basis of 1.4 million tons per year (tpy) of nahcolite recovered.

Notice of Realty Action: Lease/Conveyance for Recreation and Public Purposes

AGENCY: Bureau of Land Management.

ACTION: Recreation and Public Purpose Lease/Conveyance.

SUMMARY: The following described public land in Las Vegas, Clark County, Nevada has been examined and found suitable for lease/conveyance for recreational or public purposes under the provisions of the Recreation and Public Purposes Act, as amended (43 U.S.C. 869 et seq.). Clark County proposes to use the land for a public park.

Mount Diablo Meridian, Nevada

T. 22 S., R. 61 E.,

Sec. 15, NE $\frac{1}{4}$ SE $\frac{1}{4}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$ SE $\frac{1}{4}$ NE $\frac{1}{4}$.

Containing 20.0 acres, more or less.

The land is not required for any federal purpose. The lease/conveyance is consistent with current Bureau planning for this area and would be in the public interest. The lease/patent, when issued, will be subject to the provisions of the Recreation and Public Purposes Act and applicable regulations of the Secretary of the Interior, and will contain the following reservations to the United States:

1. A right-of-way thereon for ditches or canals constructed by the authority of the United States, Act of August 30, 1890 (43 U.S.C. 945).

2. All minerals shall be reserved to the United States, together with the right to prospect for, mine and remove such deposits from the same under applicable law and such regulations as the Secretary of the Interior may prescribe and will be subject to:

1. An easement 50 feet in width along the eastern and southern boundaries in favor of Clark County for roads, public utilities, or flood control purposes.

2. Those rights for distribution line purposes which have been granted to Las Vegas Valley Water District by Permit No. N-57091 under the Act of October 21, 1976 (43 U.S.C. 1761).

3. Those rights for telephone line purposes which have been granted to Sprint Central Telephone by Permit No. N-59915 under the Act of October 21, 1976 (43 U.S.C. 1761).

Detailed information concerning this action is available for review at the office of the Bureau of Land Management, Las Vegas Field Office, 4765 W. Vegas Drive, Las Vegas, Nevada.

Upon publication of this notice in the **Federal Register**, the above described land will be segregated from all other forms of appropriation under the public land laws, including the general mining laws, except for lease/conveyance under the Recreation and Public Purposes Act, leasing under the mineral leasing laws and disposals under the mineral material disposal laws.

For a period of 45 days from the date of publication of this notice in the **Federal Register**, interested parties may submit comments regarding the proposed lease/conveyance for classification of the lands to the Las Vegas Field Office Manager, Las Vegas Field Office, 4765 Vegas Drive, Las Vegas, Nevada 89108.
