

HTSUS). Accordingly, in order to reflect the reconsidered position of Customs reflected in the May 5, 1995 notice of proposed rulemaking, the final NAFTA Marking Rules document included the removal of 19 CFR 102.14 and 19 CFR 10.22. Section 102.14 provided that no good last advanced in value or improved in condition outside the United States has United States origin, and § 10.22 provided that the country of origin of assembled goods entitled to a duty allowance under subheading 9802.00.80, HTSUS, was the country of assembly for marking purposes.

Accordingly, since Customs has already stated that Chapter 98, Subchapter II, U.S. Note 2(a), HTSUS, no longer applies for country of origin marking purposes, Customs proposes to adopt a new position that 19 CFR 12.130(c) does not apply for purposes of country of origin marking. However, 19 CFR 12.130(c) will still be applicable for all other purposes specified in T.D. 85-38 and T.D. 90-17, since T.D. 95-69 as stated above did not repeal 19 CFR 12.130(c).

It should be noted that this change does not exempt textile and apparel products imported into the United States from the labeling requirements of the Textile Fiber Products Identification Act, 15 U.S.C. 70, enforced by the Federal Trade Commission. For example, the Rules and Regulations under the Textile Fiber Products Identification Act, 16 CFR 303.33(a)(1), provides that unless exempt under section 12 of that Act, each imported textile fiber product shall be labeled with the name of the country where such imported product was processed or manufactured. Therefore, once it is determined under the proposed new position set forth herein that an imported textile or apparel product is not required to be marked in accordance with 19 U.S.C. 1304, as implemented by 19 CFR 102.21, the imported textile or apparel product would still be required to be labeled in accordance with the Textile Fiber Products Identification Act.
