BILLING CODE 6560-50-P

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Submitted to OMB for Review and Approval

June 9, 1998.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s), as required by the Paperwork Reduction Act of 1995, Public Law 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written comments should be submitted on or before July 16, 1998. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all comments to Les Smith, Federal Communications, Room 234, 1919 M St., NW., Washington, DC 20554 or via internet to lesmith@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collections contact Les

Smith at 202-418-0214 or via internet at lesmith@fcc.gov.

SUPPLEMENTARY INFORMATION:

OMB Approval Number: 3060-0128.

Title: Application for General Mobile Radio Service and Interactive Video Data Service.

Form Number: FCC 574.

Type of Review: Revision of a currently approved collection.

Respondents: Individuals or households; Business and other for-profit entities; Not-for-profit Institutions; State, Local or Tribal Government.

Number of Respondents: 1,826.

Estimated Time Per Response: 0.5 hours.

Frequency of Response: On occasion reporting requirements.

Cost to Respondents: \$124,000.

Total Annual Burden: 913 hours (GMRS and IVDS filing fees and postage costs).

Needs and Uses: This form is used by General Mobile Radio Service (GMRS) and some Interactive Video Data Service (IVDS) applicants for a new or modified license. (IVDS Auction applicants use FCC 600.) Applicants may also file this form for renewal when they do not receive the automated renewal notice, FCC Form 574R, sent to them by the Commission. This form is required by the Communications Act of 1934, as amended; International Radio Regulations, General Secretariat of International Telecommunications Union and FCC Rules - 47 CFR 1.922, 1.924, 95.71, and 95.73. FCC 574 is also being used by some Interactive Video Data Service licensees until the Universal Licensing System (ULS) is implemented. FCC Rules 47 CFR 95.811, 95.815, 95.817 and 95.833 identify the collection of the data for IVDS purposes.

The Wireless Telecommunications Bureau staff will use the data to determine eligibility of the applicant to hold a radio station authorization and for rulemaking proceedings. Compliance personnel will use the data in conjunction with field engineers for enforcement purposes. The data obtained from the collection is vital to maintaining an acceptable database.

This form is being revised to delete the fee payment blocks. FCC Form 159, Fee Remittance Advice, is required with any payment to the FCC. The fee payment blocks duplicated the collection of this information. A space has been added for the applicant to provide an Internet/e-mail address. The collection of "FCC Tower Number" has been changed to "Antenna Structure Registration Number" due to the FCC revising the way antennas are registered with the FCC.

When the Universal Licensing System (ULS) is implemented, GMRS applicants will use the proposed FCC form 605 and IVDS applicants will file the proposed FCC 601. At the time of implementation, the FCC will notify OMB of any change in the status of this collection of information.

Federal Communications Commission.

Willima F. Caton,

Deputy Secretary.
