service to the Government.

alternatives which would accomplish  
the objectives of the Javits-Wagner-  
O'Day Act (41 U.S.C. 46-48c) in  
connection with the service proposed  
for addition to the Procurement List.

Accordingly, the following service is

#### **Trade Mission Description**

This trade mission is designed to lend  
high-profile U.S. Government advocacy  
to American companies, particularly  
small and medium-sized firms, seeking  
business opportunities in high-  
technology sectors in Southeast Asia,  
and to demonstrate U.S. support of  
countries in the region recovering from  
the financial crisis. The current  
financial problems affecting Southeast  
Asia are slowing growth in the short  
term. However, as these economies  
implement financial reforms, their rates  
of economic growth can be expected to  
resume a more dynamic pace, thereby  
providing U.S. companies with  
exceptional high-tech export  
opportunities.

Government leaders of Malaysia,  
Singapore, Thailand and the Philippines  
place many of their hopes for industrial  
modernization, increased  
competitiveness, and economic recovery  
in their high-tech sectors, and they often  
look to the United States first to help  
fulfill these hopes because U.S.  
companies possess cutting-edge  
technology and know-how. Guided by  
reporting on best export prospects from  
the Department's overseas offices, this  
mission endeavors to meet foreign  
demand for information technology,  
telecommunications and environmental  
technology.

The mission will visit Kuala Lumpur  
and Penang, September 7-10 ;
