The information collected will be used to determine which Gulf War veterans may have further information about potential exposure incidents, to discover if there are any other observed incidents of exposure, to contribute to a better understanding of the events during and after the Gulf War, and to encourage veterans to enroll in a Department of Defense or Veterans Affairs medical program.

Affected Public: Individuals or Households.

Annual Burden Hours: 1,572.

Number of Respondents: 3,143.

Responses per Respondent: 1.

Average Burden per Response: 30 Minutes.

Frequency: On occasion.

SUPPLEMENTARY INFORMATION:

Information on Each Collection Covered by This Notice

Chemical/Biological Incident Survey

Respondents are Gulf War veterans whose units were in the vicinity of a positive chemical/biological detection, alarm, or other reported incident. The purpose of this survey is to develop investigational leads to assist investigators in their search for confirmation of the presence or use of chemical or biological agents during the Gulf War.

Possible Weapons Sites

Respondents are Gulf War veterans who served in units that reported possible storage sites for chemical or biological weapons agents. The purpose of this survey is to develop possible investigational leads that may assist investigators in their search for confirmation of the presence or use of chemical or biological agents during the Gulf War.

Depleted Uranium

Respondents are Gulf War veterans who served in units that may have placed them in contact with equipment potentially contaminated with depleted uranium (DU). Veterans will include personnel who were in or on U.S. combat vehicles at the time they were struck by DU munitions fired from U.S. tanks and personnel who were in contact with equipment either as a member of unit involved in retrograde operations, or as a member of a battle damage assessment team.

Pesticide Exposure Survey

Respondents are Gulf War veterans. Outreach letters will be mailed to Gulf War veterans based on their unit assignment during the Gulf War and their period of deployment. Calls will be made to respondents to ask information on experiences with pesticides during the Gulf War deployment.

Pesticides Use/Application

Gulf War veterans who served as physicians, environmental science officer, entomologists, preventive medicine specialists, field sanitation teams members, and veterans who served in logistics and supply positions will be contacted to determine which pesticides were used (including those purchased locally) and how they were employed in the Gulf during Operations Desert Shield and Desert Storm.

Water Contamination

Respondents will be preventive medicine specialists, field sanitation specialists, and transportation personnel involved with the maintenance of water transport vehicles who served in the Gulf War.

Food Contamination

Respondent will be preventive medicine specialists, field sanitation specialists, and food service personnel to determine what steps were taken to ensure the safety of the food provided to Gulf War troops.

Oil Well Fires

Respondents will be Gulf War veterans who reported contact with oil well fires in calls to the DoD Incident Reporting Line. Veterans will be contacted to get first hand accounts of their experience with oil well fire smoke, precautions they took, and the duration of their exposure under the oil well fire plume.

Retrograde Equipment

Respondents will be Gulf War veterans involved in vehicle cleaning operations prior to vehicles being shipped from the Gulf and personnel who accompanied vehicles during their retrograde shipment.

Armed Services Medical Department Personnel

Respondents will be medical personnel who served in the Gulf War. These personnel will be contacted to complete a survey of their experiences with medical surveillance, vaccine administration, and medical recordkeeping during the Gulf War deployment.

Combat Stress Control

Respondents will be military chaplains who served in the Gulf War. These chaplains will be surveyed to understand their experiences as participants in combat stress control.

Enemy Prisoners of War

Respondents will be Gulf War veterans who served in military police or medical units that were involved in the processing and treatment of enemy prisoners of war during the Gulf War deployment.

Petroleum, Oils, and Lubricants

Respondents will be Gulf War veterans who served in units during the Gulf War deployment that were involved in the acquisition, distribution, and use of petroleum, oils, and lubricants.

Personnel Deployed on Designated Deployments

Respondents will be former members of the Armed Services (including active and reserve component) who served during designated deployments. Personnel will be surveyed about their perceptions and experiences with Medical Force Protection, Medical Surveillance, and health support during the designated deployment.

Title: Early Intervention Program for Infants and Toddlers with Disabilities (Part C of the Individuals with Disabilities Education Act) Self-Study Instrument.

Frequency: Every 3 or 4 years per State, based on the monitoring schedule.

Affected Public: Individuals or households; Businesses or other for-profits; Not-for-profit institutions; State, local or Tribal Gov't, SEAs or LEAs.

Annual Reporting and Recordkeeping Hour Burden:

Responses: 12.

Burden Hours: 3,360.

Abstract: Under the Early Intervention Program for Infants and Toddlers with Disabilities (Part C of the Individuals with Disabilities Education Act), States are required to maintain and implement a Statewide, comprehensive, coordinated, multi disciplinary, interagency system that provides early intervention services to infants and toddlers with disabilities and their families. The State's lead agency for Part C is responsible for the monitoring of programs and activities within the State, and the Federal government must provide technical assistance to States to

carry out their Part C responsibilities. The self study instrument provides technical guidance to the State, and is also used for Federal and State monitoring of the Part C program.
