Title: Evaluation of Effective Adult Basic Education Programs and Practices.

Frequency: Three (3) times per year (May, September, and December).

Affected Public: Individuals or households; Not-for-profit institutions; State, local or Tribal Gov't, SEAs or LEAs.

Reporting and Recordkeeping Hour Burden:

Responses: 78.

Burden Hours: 618.

Abstract: The U.S. Department of Education has been working with State Directors of adult education and local providers to document the learning gains of adult education participants. Because little is known about the effectiveness of adult basic education (ABE) programs for first-level learners, this is an exploratory study. Hence, we are developing measures to describe the operational and instructional characteristics of ABE programs and are testing methods of measuring outcomes. The programs participating in the study were selected based on information collected in previous case studies that had evidence of good instruction, where teachers had been trained in a specific model for delivering adult education instruction, and where there was evidence of effective program operations. Respondents are program participants who voluntarily enroll in federally funded adult basic education classes.
